After the judge tossed two of the boroughs 3 appeals yesterday. I thought it would be a good time to share my thoughts. I've included an email I sent with my response to the boroughs second appeal to Attorney Kratz, Attorney Schnee and also Brad. **Annoyed by their desire to waste my time I clearly filled in the memo line with response to 2nd untimely appeal.** Even I knew they were DOA. But the **borough filed almost 30 separate filings in court tied to just those two appeals.** 30 filings entered that lawyers prepared at over \$200 per hour. Each filing takes hours to prepare and write up. **This is the type of thing the borough has been doing the entire time.** I've included the actual request I sent in. The borough's classification of that by saying it's 2 parts and 19 subparts. Sounds extensive. But why the borough has gone to such expense is what I wrote at the top of the second page. The borough's classification response is at the top of their second page. 2 OOR determinations and 2 wasteful appeal attempts later still looks like I was right and they are scared as F. Because that brings the entire house of cards tumbling down.

If anyone has any questions. Wants to know what I actually have. Why I make the claims I do. Just message me. I'll gladly answer anything and will show you what brought us here and how the borough keeps lying and making exaggerated claims.

Did you know that the costs the borough claims I found hard to believe and so I filed a RTK request for those figures and answers. What I got was a bunch of completely black sheets and told to just trust them. 👍 😊
