I. INTRODUCTION

Respondent, Michael Long, respectfully submits this Brief in Support of his Motion for Protective Order, Sanctions, and Injunctive Relief dated October 3, 2024. Respondent seeks relief due to Petitioner's, Borough of Bath ("Borough"), persistent and escalating campaign of bad faith, harassment, and intimidation, which directly impacts the ongoing appeal under the Pennsylvania Right-to-Know

Law ("RTKL"), 65 P.S. § 67.101 et seq. As the Pennsylvania Supreme Court recognized in *Uniontown Newspapers, Inc. v. Pa. Dep't of Corrections,* '**Essential access to official government information prevents secrecy, scrutinizes public officials' actions, and ensures accountability."** Petitioner's conduct not only violates Respondent's rights but also undermines the integrity of the legal process and threatens the fair administration of justice in this RTKL appeal. The Borough's actions are intricately linked to the issues before the Court and necessitate immediate judicial intervention.

II. STATEMENT OF FACTS

A. Background and Procedural History

1. Respondent is a resident of Bath Borough and has been engaged in a dispute with the Borough regarding access to public records under the RTKL.
2. This matter is currently before the Court on appeal (No. C-48-CV-2024-01039) from the Office of Open Records' ("OOR") Final Determination upon Reconsideration (OOR Docket No. AP 2023-1598R).
3. Respondent's RTKL requests have sought records related to Borough governance, financial transactions, and communications involving Borough officials, including emails and other documents.
4. The Borough has consistently resisted disclosure, leading to multiple appeals and legal proceedings.

B. Petitioner's Conduct Affecting the RTKL Appeal

1. Fabrication of Privilege Claims and Evidence Tampering

5. The Borough has claimed attorney-client privilege over **21 emails that are responsive to Respondent's RTKL request, as indicated in their Exemption Log (Exhibit A).**
6. Respondent believes these claims are fabricated or misapplied to conceal communications that should be public, particularly concerning potential financial irregularities and conflicts of interest.
7. Notably, the Borough provided an email chain dated October 28, 2021 ("Email Chain") (Exhibit **B), which appears to have been altered. Metadata analysis reveals that the document was modified on May 4, 2023, shortly before it was provided to Respondent on May 5, 2023 (Exhibits C and D).**
8. The Email Chain is missing an email from Borough Manager **Brad Flynn, referenced by Mayor Fiorella Mirabito in her response within the chain (Exhibit B, p. 2), suggesting deliberate omission.**
9. **Emmanuel Mirabito, the Mayor's husband, was appointed to a vacant council seat shortly after this email exchange. The missing email likely contains information relevant to his appointment, raising concerns about conflicts of interest and potential misuse of office.**

10. The Borough's shifting narrative is evident in multiple affidavits from Solicitor **James. Kratz (Exhibits E and F), with significant changes between them, including the removal of statements linking emails to Mr. Mirabito's appointment.**

11. Additionally, a letter titled **"Dearest Bradford" (Exhibit N) outlines concerns regarding nepotism, conflict of interest, and potential document manipulation related to Mr. Mirabito's appointment. The letter highlights discrepancies in the Borough's actions and communications surrounding the vacancy and subsequent appointment.**

2. Inadequate Search and Inconsistent Representations

12. The Borough Manager's attestation (Exhibit **G) claims a thorough search was conducted, yet the involvement of Drivelocker, a third-party IT vendor, and inconsistencies in the number of responsive emails suggest otherwise.**

13. Drivelocker's invoice (Exhibit **H) indicates extensive work related to Respondent's RTKL requests, contradicting the Borough's claims of minimal responsive records.**

14. The Borough initially stated only three emails were responsive but later acknowledged 21 emails, withholding them under attorney-client privilege (Exhibit **A).**

15. The misuse of Drivelocker demonstrates the Borough's attempt to obstruct access to records through fabricated privilege claims and inadequate searches.

3. Harassment and Intimidation Tactics

16. Shortly after Respondent filed his initial RTKL request, Mayor Mirabito sent a message to Respondent's mother on September 29, 2022, stating that Respondent was "going too far" and that she had "already contacted [her] lawyer" (Exhibit **I). This late-night communication caused distress and raised concerns about intimidation.**

17. The Borough has engaged in a public campaign portraying Respondent negatively. As evidenced by the Borough's website article titled **"Right-to-Know: The Costs Behind One Requestor" (Exhibit J), the Borough has exaggerated the costs associated with Respondent's RTKL requests, using inflated figures and misleading statements.**

18. Borough officials, including Mayor Mirabito, have made derogatory statements about Respondent on social media. The Mayor's Facebook posts (Exhibit **K) contain numerous examples of derogatory and inflammatory language directed at Respondent, referring to him in disparaging terms such as "psychopath," "narcissist," and "toxic person."**

19. These actions have created a hostile environment, impeding Respondent's ability to exercise his rights under the RTKL and participate in the legal process without fear of retaliation.

4. Violation of the Borough's Social Media Policy

20. On December 14, 2022, the Borough adopted a **Social Media Policy (Policy Number AD-2022-01) (Exhibit L), which outlines guidelines and prohibitions for social media use by Borough officials, employees, and volunteers.**

21. The policy emphasizes responsible decision-making and prohibits harassment, discrimination, and retaliation, both in-person and online. Specifically, **Section III.E.2 states:**

> ***"All Borough policies and applicable state and federal laws, including, but not limited to, policies or laws prohibiting harassment, discrimination, and retaliation apply with equal force to conduct occurring in person and online. Any violation of these policies or laws will be addressed in the same manner whether the offending conduct occurs in person or online. Harassment, bullying, discrimination, or retaliation that would not be permissible in the workplace is equally impermissible online, even if it is done after***

hours, from home, or on personal computers or other personal devices."

22. The policy requires that officials and employees make a clear distinction between personal opinions and official statements. **Section III.B.1 mandates:**

"All posts are clearly expressed as your own statements or opinions and not an official statement or position of the Borough. A disclaimer such as 'views and posts are my own and do not represent the position or opinion of my employer or the Borough of Bath,' is specifically insisted upon in a person's personal use of social media."

23. The policy prohibits the dissemination of content that would discredit the professional reputation of the Borough or its officials. **Section III.E.1 states:**

"To assist you in making responsible decisions about your use of social media, we have established these guidelines for the professional use of social media and prohibitions for any on or off duty use of social media, which might act to discredit the professional reputation of the Borough of Bath, any of its employees or public officials; infringe on the Borough's operations; or

infringe on the Borough's ability to provide effective and efficient services."

24. Despite this policy, Borough officials have engaged in conduct that violates these provisions:

    a. **Harassment and Disparagement: Mayor Mirabito's derogatory social media posts (Exhibit K) directly violate Section III.E.2, which prohibits harassment and bullying online. For example, in one post, she stated: *"Some people thrive on chaos and drama. They are toxic and will stop at nothing to bring others down."***

    b. **Failure to Distinguish Personal Views: The Mayor and other officials did not include the required disclaimers as per Section III.B.1, causing confusion between personal opinions and official statements.**

    c. **Discrediting the Borough: The public smear campaign against Respondent discredits the professional reputation of the Borough, contrary to Section III.E.1.**

25. The policy provides for disciplinary actions against public officials who violate it. **Section IV.3.b states:**

    "Elected Officials: Violations of this policy may result in: i. A public censure of the elected official as decided by a majority of Borough

Council; or ii. A civil action to recover the costs of investigating and documenting any violation of this policy."

26. The Borough has not taken any disciplinary action against the Mayor or other officials for these violations, further demonstrating their bad faith and disregard for their own policies.

5. Failure to Comply with Legal Obligations

27. On December 13, 2023, Respondent sent a **Litigation Hold Notice to the Borough (Exhibit M), requesting the preservation of all relevant records.**

28. The Borough never officially provided any written correspondence in response to the Litigation Hold Notice.

29. In a phone call with the Borough Solicitor, **James Kratz, he informed Respondent that he was trying to get the Borough to comply with the Litigation Hold Notice. This verbal acknowledgment is the only response received by Respondent regarding the notice.**

30. The Borough's lack of formal acknowledgment and uncertain compliance raise concerns about potential spoliation of evidence and demonstrate a disregard for their legal obligations and the preservation of records relevant to this appeal.

III. ARGUMENT

A. The Court's Authority to Address Misconduct in a Statutory Appeal

31. Under Pennsylvania law, courts have inherent authority to ensure justice is administered fairly, which includes addressing misconduct in statutory appeals such as those under the RTKL.

32. The Borough contends that the Court lacks authority to consider matters beyond the narrow issue of whether specific documents are subject to public access under the RTKL. However, this interpretation is incorrect.

33. In *Mission Pa., LLC v. McKelvey, 212 A.3d 119, 133 (Pa. Commw. Ct. 2019)*, **the court held that it has the authority to consider agency bad faith and misconduct in RTKL appeals, stating:**

> ***"Courts have inherent authority to sanction parties for bad faith conduct that occurs before the court or that is part of the judicial process."***

34. This inherent power is crucial in RTKL appeals because agencies might attempt to use procedural technicalities or legal maneuvering to shield themselves from scrutiny and to avoid disclosing information that the public has a right to access. The Court's ability to address misconduct, even if not explicitly mentioned in the RTKL, ensures that the law's purpose of promoting transparency and accountability is upheld.

35. The RTKL explicitly contemplates court intervention when an agency acts in bad faith, as per **65 P.S. § 67.1305(a), allowing courts to award attorney's fees and costs.**

36. Furthermore, the Court may issue protective orders and grant injunctive relief to prevent abuse of the legal process and protect parties from harassment and undue burden (**Pa.R.C.P. 4012(a)).**

37. Therefore, the Court possesses the requisite authority to address the Borough's misconduct within the context of this RTKL appeal.

B. Relevance of Petitioner's Conduct to the RTKL Appeal

38. The Borough asserts that the Respondent's motion "goes far beyond the limited question at issue" and is irrelevant to the RTKL appeal. This assertion overlooks the direct impact the Borough's conduct has on the Respondent's statutory rights and the integrity of the legal process.

39. The Borough's actions impede Respondent's statutory rights under the RTKL by:

    a. **Obstructing Access to Records: Fabricated privilege claims and inadequate searches hinder Respondent's ability to obtain public records, violating the RTKL's purpose of transparency.**

b. **Harassment and Intimidation: The Borough's harassment discourages Respondent from exercising his rights, creating a chilling effect on lawful requests.**

c. **Violation of Social Media Policy: The Borough's disregard for its own policy demonstrates bad faith and undermines the integrity of the legal process.**

40. In *Uniontown Newspapers, Inc. v. Pa. Dep't of Corr., 197 A.3d 825, 836 (Pa. Commw. Ct. 2018)***, the court emphasized that agency bad faith is a critical consideration in RTKL appeals:**

> ***"Bad faith may be found where an agency fails to comply with the RTKL and its actions show wanton disregard for the right of access."***

41. The Borough's conduct affects not only the specific records requested but also undermines the RTKL's overarching goal of promoting government accountability.

42. By engaging in harassment and intimidation, the Borough is effectively attempting to dissuade the Respondent from pursuing his statutory rights, which is directly relevant to the RTKL appeal.

43. The Borough's failure to comply with legal obligations, such as the Litigation Hold Notice, raises concerns about spoliation of evidence directly related to the records sought in the RTKL request.

44. Therefore, the Borough's conduct is intrinsically linked to the RTKL appeal and is within the Court's purview to address.

C. Legal Basis for Protective Order, Sanctions, and Injunctive Relief

1. Protective Order

45. **Pa.R.C.P. 4012(a) allows the Court to issue a protective order to protect a party from "annoyance, embarrassment, oppression, or undue burden."**

46. The Borough's harassment and violation of their own Social Media Policy justify the issuance of a protective order to safeguard Respondent's rights.

47. The protective order should enjoin the Borough and its officials from:

    a. Engaging in any form of harassment or intimidation against Respondent.

    b. Making public statements or social media posts that disparage Respondent or misrepresent his actions.

    c. Violating their own Social Media Policy (Exhibit **L).**

48. The Court has the authority to issue such orders to preserve the fairness and integrity of the legal process.

2. Sanctions

49. The Borough argues that there is no legal basis for imposing sanctions. However, **65 P.S. § 67.1305(a) provides that:**

> ***"If a court finds that an agency acted in bad faith under the provisions of this act, the court may award reasonable attorney fees and costs of litigation to a requester."***

50. The Borough's conduct—fabricating privilege claims, tampering with evidence, failing to comply with legal obligations, and violating their Social Media Policy—constitutes bad faith warranting sanctions.

51. In *Office of the Dist. Atty. of Phila. v. Bagwell, 155 A.3d 1119, 1140 (Pa. Commw. Ct. 2017)***, sanctions were imposed on an agency for bad faith conduct in a RTKL matter.**

52. Sanctions are necessary to:

    a. Deter future misconduct by the Borough.

    b. Compensate Respondent for the undue burden and expenses incurred.

    c. Uphold the integrity of the judicial process.

3. Injunctive Relief

53. The Borough contends that injunctive relief is not available under the RTKL. However, courts have equitable powers to issue injunctions when necessary to prevent irreparable harm.

54. To obtain injunctive relief, a party must demonstrate:

    a. **Immediate and Irreparable Harm: The Borough's ongoing harassment and retaliation cause irreparable harm to Respondent's constitutional rights.**

    b. **No Adequate Remedy at Law: Monetary damages cannot fully address the infringement of rights and prevent future misconduct.**

    c. **Likelihood of Success on the Merits: Respondent has presented substantial evidence supporting his claims.**

55. In *SEIU Healthcare Pa. v. Commonwealth, 104 A.3d 495, 506 (Pa. 2014)***, the court held:**

> ***"An injunction is an extraordinary remedy that is to be granted only when the rights and equity of the plaintiff are clear and free from doubt, and where the harm to be remedied is great and irreparable."***

56. The Court may grant injunctive relief to prevent ongoing or future harm resulting from a party's conduct.

57. Injunctive relief is necessary to prevent the Borough from continuing actions that undermine Respondent's rights and the RTKL's purpose.

4. Violation of the Borough's Social Media Policy

58. The Borough dismisses allegations of policy violations as irrelevant. However, the Borough's own Social Media Policy (Exhibit **L) is directly applicable and enforceable.**

59. **Specific Violations:**

    a. **Harassment Prohibition: The derogatory social media posts by Mayor Mirabito violate Section III.E.2, which prohibits harassment and bullying online. For instance, she referred to Respondent as a "psychopath" and stated, *"Beware of the narcissist in our midst who thrives on chaos and destruction."***

    b. **Lack of Disclaimers: Officials failed to include disclaimers distinguishing personal views from official statements, violating Section III.B.1.**

    c. **Discrediting the Borough: The smear campaign discredits the Borough's professional reputation, contrary to Section III.E.1.**

60. The policy provides for disciplinary actions against public officials who violate it (**Section IV.3.b), yet the Borough has failed to enforce these provisions.**

61. The Borough's failure to adhere to their policy underscores their bad faith and supports the need for court intervention.

62. Courts have recognized that violation of internal policies can be indicative of bad faith. In *Office of Open Records v. Center Twp., 95 A.3d 354, 369 (Pa. Commw. Ct. 2014)***, the court considered internal policy violations in assessing bad faith.**

63. The Borough's lack of action against officials violating the policy further demonstrates a pattern of disregard for legal and ethical standards.

D. Addressing Petitioner's Response and Denials

64. The Borough's response to Respondent's motion consists largely of general denials and assertions that the motion is irrelevant, without substantively addressing the specific allegations of misconduct.

65. **Failure to Refute Key Allegations:**

    a. **Email Alterations: The Borough does not address the alteration and missing content in the Email Chain (Exhibit B), which raises concerns about evidence tampering.**

    b. **Inconsistent Privilege Claims: The Borough ignores the inconsistencies in their privilege claims and shifting narratives in affidavits (Exhibits E and F).**

c. **Policy Violations: The Borough fails to acknowledge or explain the violations of their own Social Media Policy.**

d. **Non-Compliance with Litigation Hold: The Borough does not address the failure to comply with the Litigation Hold Notice (Exhibit M), despite the Solicitor's verbal acknowledgment.**

66. Courts have held that mere general denials without addressing specific allegations are insufficient. In *Cercone v. Cercone, 386 A.2d 1, 3 (Pa. Super. Ct. 1978)*, **the court stated:**

> ***"A general denial which does not specifically respond to the allegations is insufficient to raise a factual issue."***

67. The Borough's blanket denials and claims of irrelevance do not negate the substantive evidence presented by the Respondent.

68. **Legal Authority for Relief Sought:**

The Borough contends that there is no legal basis for the relief sought. However, as outlined above:

a. **Protective Order: Authorized under Pa.R.C.P. 4012(a).**

b. **Sanctions: Permitted under 65 P.S. § 67.1305(a) and supported by case law.**

c. **Injunctive Relief: Within the Court's equitable powers when criteria are met.**

69. The Respondent has provided legal authority and precedent supporting the Court's ability to grant the requested relief.

70. **Threat of Sanctions Against Respondent:**

    The Borough threatens to seek sanctions against the Respondent for filing the motion. This further demonstrates their attempt to intimidate and discourage the Respondent from pursuing legitimate legal remedies.

71. **Court's Discretion:**

    The Court has discretion to consider matters that affect the fairness and integrity of the proceedings. The Borough's conduct falls within this scope.

E. Necessity of the Requested Relief

72. Without court intervention, the Borough's actions will continue to harm Respondent's legal rights and undermine the RTKL's purpose.

73. Protective measures are essential to:

    a. **Protect Respondent's Rights: Ensure Respondent can pursue the appeal without harassment or intimidation.**

    b. **Preserve Judicial Integrity: Prevent abuse of the legal process and uphold the court's authority.**

c. **Promote Transparency: Uphold the principles of transparency and accountability in government.**

74. The relief requested is appropriate and necessary given the severity of the Borough's conduct and its direct impact on the RTKL appeal.

75. **Public Interest:**

The public has a vested interest in the enforcement of the RTKL and the accountability of government agencies.

76. Granting the requested relief would serve the public interest by promoting transparency and deterring future misconduct by the Borough.

IV. CONCLUSION

For the foregoing reasons, Respondent respectfully requests that this Honorable Court:

1. **Issue a Protective Order**
   - **To prevent the Borough and its officials from engaging in further actions that may be considered harassment, intimidation, or retaliation against Respondent, including adherence to their own Social Media Policy (Exhibit L).**
2. **Grant Injunctive Relief**

• To enjoin the Borough from:

a. **Making public statements or social media posts that disparage Respondent or misrepresent his actions.**

b. **Violating their own policies and legal obligations.**

3. **Impose Sanctions**

   • Including awarding any relief deemed just and proper by the Court, due to the Borough's bad faith conduct.

4. **Order the Borough to Comply**

   • With the Litigation Hold Notice (Exhibit M) and preserve all relevant records.

5. **Respondent reserves the right to pursue a separate cause of action under 42 U.S.C. § 1983 for the violation of his First Amendment rights if the Borough's campaign of harassment and intimidation continues.**

The Borough's persistent bad faith and their blatant disregard for Respondent's rights and the principles of the RTKL demand a strong response from this Court. As Justice Wecht aptly stated in his concurrence/dissent in Uniontown Newspapers, 'An agency should not be able to escape liability by claiming that the ORO was just following the advice of others. Otherwise, the statutory duty of good faith would be rendered nugatory.' The Court must intervene to ensure that the Borough is held accountable for their actions, that the integrity of the RTKL is upheld, and that Respondent is protected from further harm.

Respectfully submitted,

/s/ Michael Long

Brad…

Believe me I understand "conception" and "law" - again, for some reason I cannot shake the fact that it concerns me…that is all.

Safe travels home!

Understood. And as an objective fact, certain things must occur before the seat is filled.

Public knowledge of him resigning and the actual law on this is not aligned here. The Borough Code dictates what Council can do in this situation. Council accepts Marks resignation in public session. Which hasn't occurred yet. That sets the timetable for filling a seat, depending on the outgoing members tendered resignation date. A seat only opens when a member officially submits his/her resignation and Council accepts it.

We'll get it straightened out. Jamie has been guiding Michele and I. We can discuss further in executive session.

Brad

Thanks, Michele…

Although, I believe Brad has just made it clear on what the steps are and how Council is going to proceed. Again, in my humble opinion…it all concerns me.

Have a good day!

<mayor@boroughofbath.org> wrote:

Good afternoon, everyone…

A quick message to you all, in reference to Mark's resignation on Council.

This weekend at the campfire I spoke to several people in reference to many things throughout our Borough. I listened closely, didn't really give any answers - just smiled and told them I would take their opinions under advisement. One of the items was Mark's resignation from Borough Council and how that is going to be handled. Also, Mr. Mike Long pulled me to the side and gave me his "dissertation" on how things should go; what we should do; what should've been done; available grants; etc. - and, lastly - and, most concerning his firm decision to run as a write-in on Council. Please know - ANYONE receiving the highest votes will get the seat. Those on the ballot really have no reason to worry - since voters usually don't take the time to "write-in". There are others who know of Mark's resignation since it's in the newspaper that he has taken the position in Tatamy, and others wanting to apply for that seat.

I want to go on record - I completely disagree with waiting for Mark's resignation to take effect in January 2022. I think the seat should be filled now. I realize, again, ultimately - the decision is Borough Councils and not mine. Although, I have a terrible feeling about the outcome if you wait to fill the seat. Manny has indicated interest in "applying" to fill the seat - to be honest, I'm not in agreement - but, not my decision either. He DOES NOT want ANY office on Council. He wants to just fulfill the two years and that's it. Michele - please do not be concerned that he wants to be President - or VP for the matter - NO interest at all.

Thank you for allowing me to express my concern… ultimately, as in all things I do - my concern is for the Borough…nothing more.

Best,
Fi

Threat Level: Likely benign

The file 5Attachment5-Dissertationemail.pdf was found to be: Likely benign.

Malicious Activity Summary

pdf	link	discovery

- **One or more HTTP URLs in PDF identified**
- **System Location Discovery: System Language Discovery**
- **Modifies Internet Explorer settings**
- **Suspicious behavior: EnumeratesProcesses**
- **Suspicious use of SetWindowsHookEx**
- **Checks processor information in registry**
- **Suspicious use of FindShellTrayWindow**
- **Suspicious use of WriteProcessMemory**
- **Suspicious behavior: GetForegroundWindowSpam**

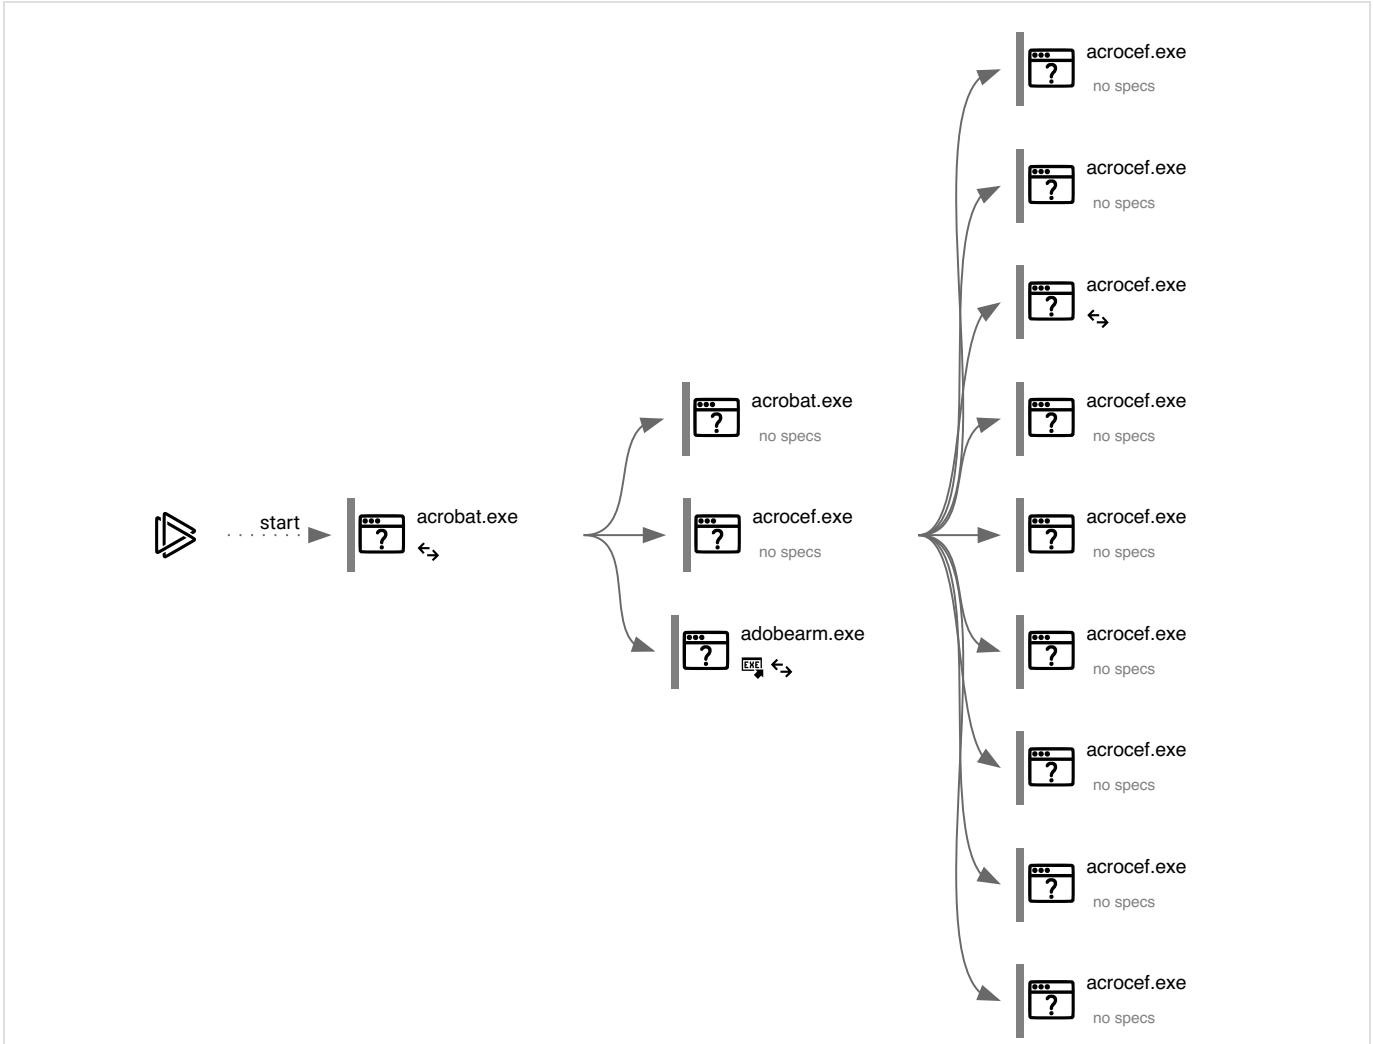
Behavior graph



Specs description

- Program did not start
- Probably Tor was used
- Known threat
- Connects to the network
- Task contains several apps running
- File is detected by antivirus software
- The process has the malware config
- Low-level access to the HDD
- Behavior similar to spam
- RAM overrun
- CPU overrun
- Application downloaded the executable file
- Inspected object has suspicious PE structure
- Process was added to the startup
- Task has injected processes
- Network attacks were detected
- Process starts the services
- Actions similar to stealing personal data
- Behavior similar to exploiting the vulnerability
- Debug information is available
- Executable file was dropped
- Integrity level elevation
- System was rebooted
- Task has apps ended with an error
- Task contains an error or was rebooted

AFFIDAVIT

COMMONWEALTH OF PENNSYLVANIA :
: ss:
COUNTY OF LEHIGH :

I, JAMES F. KRATZ, ESQ., being duly sworn according to law, do depose and state that the following facts are true and correct to the best of my information and belief:

1. I am currently licensed as an attorney in the Commonwealth of Pennsylvania.

2. I graduated from law school in May 2004 and have practiced law continuously in the Commonwealth of Pennsylvania since I was admitted to the practice of law in October 2004.

3. I am an attorney with the law firm of Stevens & Lee, P.C. ("Stevens & Lee") and have been since admitted to the practice of law in the Commonwealth of Pennsylvania as stated above.

4. Since circa 1999, Blake C. Marles, Esq., of Stevens of Lee, served as the Solicitor for the Borough of Bath (the "Borough"), Northampton County, Pennsylvania.

5. Since circa January 2005, I served as the Assistant Solicitor for the Borough.

6. Since circa August 2021, I commenced serving as the Solicitor for the Borough in lieu of Attorney Marles.

7. On May 17, 2023, the Borough received a Pennsylvania Right-to-Know Law request, dated May 17, 2023, from Michael Long requesting, in relevant part, the following:

> "All …, … emails, …, …, …, between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022, regarding:
>
> - The resignation of Mark Saginario
> - The vacated council seat following Mark Saginario's resignation
> - The appointment of Emmanuel Mirabito to the council seat
> - Borough Policy on a vacated council seat
> - Any potential employment, position benefits, compensation of Fiorella Mirabito
> - Advertisement of any new position within the Borough
> - The resignation of Marena Rasmus
> - Clerk positions within the Borough
> - The hiring of any individual for a clerk position within the Borough
> - Borough policy on hiring for new positions
> - Any public announcement regarding the above topics

> Please note that this request includes any relevant communications that are not covered by attorney-client privilege. Under the RTKL, attorney-client privilege does not apply to factual information or data, the application of law to fact, or legal strategy, among other things."

8. I will refer to the above referenced part of the Right-to-Know Law request, dated May 17, 2023, as "RTKL Request".

9. Mr. Long's above statement in is RTKL Request regarding the scope of attorney-client privileged communications is erroneous.

10. The attorney-client privilege has the purpose of fostering the free and open exchange of relevant information between the lawyer and the client. Gillard v. AIG insurance Company, 15 A.3d 44 (Pa. Supreme 2011).

11. To establish the attorney-client privilege, the person claiming it must demonstrate:

(1) The asserted holder of the privilege is or sought to become a client.
(2) The person to whom the communication was made is a member of the bar of a court, or his subordinate.
(3) The communication relates to a fact of which the attorney was informed by his client, without the presence of strangers, for the purpose of securing either an opinion of law, legal services or assistance in a legal matter, and not for the purpose of committing a crime or tort.
(4) The privilege has been claimed and is not waived by the client.

Office of the Governor v. Davis, Jr., 122 A.3d 1185 (Pa. Cmwlth. 2015)(citing Nationwide Mutula Insurance Company v. Fleming, 924 A.2d 1259 (Pa. Super. 2007), *affirmed by an equally divided court*, 992 A.2d 65 (Pa. Supreme 2010).

12. The attorney-client privilege operates in a two-way fashion to protect confidential client-to-attorney or attorney-to-client communications made for the purpose of obtaining or providing professional legal advice. Gillard, *supra*.

13. The holder of the privilege is the client or person seeking to become the client. Office of the Governor, *supra*.

14. Here, the holder of the privilege is the Borough of Bath (the "Borough") and the Borough has not waived the privilege.

15. Bradford T. Flynn ("Flynn") is an Open Records Officer for the Borough.

16. Flynn is also the Manager for the Borough.

17. On or around June 23, 2023, Flynn, in his capacity as a Borough Open Records Officer, asked me to review several potentially responsive emails that he located via his search on the Borough's server for emails between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and me from September 20, 2021, to May 15, 2022, regarding the subject matters identified in the RTKL Request.

18. Based on my review of the potentially responsive emails that Flynn located via his search on the Borough's server, I identified only my email of December 3, 2021, from me to former Borough employee Marena Rasmus with copy to me, Borough Engineer Madison, Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker) (the "JFK Email of 12-3-21") as containing my legal advice regarding several parts of proposed Resolution #2021-012 including, but not limited to, Article 2.7(f) of proposed Resolution #2021-012.

19. Article 2.7 of proposed Resolution #2021-012 relates to the process to appoint a person to a vacated Council seat. Thus, Article 2.7(f) of proposed Resolution #2021-012 relates to the process to appoint a person to a vacated Council seat. Because of that, my legal advice in the JFK Email of 12-3-21 regarding Article 2.7(f) of proposed Resolution #2021-012 relates to the appointment of a person to a vacated Council seat and, therefore, it related to the prospective appointment of Emmanuel Mirabito to the Council seat that was imminently being vacated by former Councilmember Mark Saginario.

20. The JFK Email of 12-3-21 falls within the "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz, from September 20, 2021, to May 15, 2022" stated in Mr. Long's RTKL Request. Emphasis added.

21. The JFK Email of 12-3-21 was made to representatives of my client, the Borough, for purposes of providing legal advice, outside the presence of strangers, in response to a communication from Flynn, outside the presence of strangers, for an opinion of law regarding any part of proposed Resolution #2021-012 and not for the purpose of committing a crime or tort.

22. The JFK Email of 12-3-21 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*.

23. On or around June 23, 2023, I also stated to Flynn that, as a precautionary measure, he should note in the Borough's letter of June 23, 2023, to Mr. Long that emails from me to Flynn, Mayor Fiorella Mirabito and/or members of Council regarding my legal advice regarding the resignation of Mark Saginario from Council, the vacated Council seat following Mark Saginario's resignation, the appointment of Emmanuel Mirabito to the Council seat and the process to appoint a person to Council seat are attorney-client privileged and not subject to access per RTKL Section 102 (definitions of "privilege" and "public record").

24. I stated "and/or" to Flynn because (a) the JFK Email of 12-3-21 which falls within the "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz" but also (b) I had/have the following email exchange for legal advice that does not fall within "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz":

(a) Email exchange in October 2021 (the "Email Exchange in October 2021") with Flynn and Council President Ehrgott regarding their request for legal advice regarding the resignation of then Councilmember Mark Saginario, the vacated Council seat following Mark Saginario's resignation and the general process to appoint a Council person. The prospective appointment of Emmanuel Mirabito to the Council seat was not a part of this email exchange. The legal advice that I provided via the JFK Email of 12-3-21 related to the prospective appointment of Emmanuel Mirabito because it related to the prospective appointment of any person to a vacated Council seat.

25. The Email Exchange in October 2021 was made to representatives of my client, the Borough, for purposes of providing legal advice, outside the presence of strangers, in response to emails from Flynn and Council President Ehgott, outside the presence of strangers, for an opinion of law and legal assistance regarding the resignation of then Councilmember Mark Saginario, the vacated Council seat following Mark Saginario's resignation and the general process to appoint a Council person and not for the purpose of committing a crime or tort.

26. The Email Exchange in October 2021 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*.

27. I stated "and/or" to Flynn as stated in paragraph 24 above because I desired that Flynn inform Mr. Long that I did provide legal advice on the topics covered by the Email Exchange in October 2021 so Mr. Long is aware that Flynn and/or Council President Ehrgott were aware of my legal advice so Mr. Long may possibly find that he does not need to make another right-to-know law request on that topic/time period.

28. On or around June 23, 2023, I also searched my email records for the Borough and did not find any other email exchanges regarding Mr. Long's other subject matters during the relevant time frame so I informed Flynn that I didn't have other attorney-client privileged emails to note for Mr. Long.

29. In preparing this Affidavit, I performed another search to ensure my initial search was correct and I located the following email exchanges:

(a) Email exchange on April 21, 2022 (the "JFK 4-21-22 Email Exchange #1"), between Flynn and me wherein Flynn sought legal opinions regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and form of compensation and where I provided legal advice in response to same.

(b) Email exchange on April 21, 2022 (the "JFK 4-21-22 Email Exchange #2"), between Council President Ehrgott and me wherein Council President Ehrgott sought legal opinion regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and where I provided legal advice in response to same.

30. The JFK 4-21-22 Email Exchange #1 was made to a representative of my client, the Borough, for purposes of providing legal advice, outside the presence of strangers, in response to a communication from Flynn, outside the presence of strangers, for opinion of laws regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and form of compensation.

31. The JFK 4-21-22 Email Exchange #1 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*.

32. The "JFK 4-21-22 Email Exchange #2" was made to a representative of my client, the Borough, for purposes of providing legal advice, outside the presence of strangers, in response to a communication from Council President Ehrgott, outside the presence of strangers, for an opinion of law regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough.

33. The JFK 4-21-22 Email Exchange #2 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*.

34. While the JFK 4-21-22 Email Exchange #1 and JFK 4-21-22 Email Exchange #2 each fall outside of Mr. Long's "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and [Solicitor Kratz]" designation via his RTKL Request and are attorney-client privileged, I am informing Mr. Long of the existence of the JFK 4-21-22 Email Exchange #1 and JFK 4-21-22 Email Exchange #2 so Mr. Long is aware that Flynn and Council President Ehrgott were aware of the legal advice that I provided so Mr. Long may possibly find that he does not need to make another right-to-know law request on those topics/time period.

JAMES F. KRATZ, ESQ.

On this, the 24th day of July, 2023, before me a Notary Public in and for the Commonwealth of Pennsylvania, the undersigned officer, personally appeared JAMES F. KRATZ, ESQ., known to me (or satisfactorily proven) to be the person whose name is subscribed to the within instrument, and acknowledged that he executed the same for the purposes therein contained.

In Witness Whereof, I hereunto set my hand and official seal.

: ss:
COUNTY OF LEHIGH :

I, JAMES F. KRATZ, ESQ., being duly sworn according to law, do depose and state that the following facts are true and correct to the best of my information and belief:

1. I am currently licensed as an attorney in the Commonwealth of Pennsylvania.

2. I graduated from law school in May 2004 and have practiced law continuously in the Commonwealth of Pennsylvania since I was admitted to the practice of law in October 2004.

3. I am an attorney with the law firm of Stevens & Lee, P.C. ("Stevens & Lee") and have been since admitted to the practice of law in the Commonwealth of Pennsylvania as stated above.

4. Since circa 1999, Blake C. Marles, Esq., of Stevens of Lee, served as the Solicitor for the Borough of Bath (the "Borough"), Northampton County, Pennsylvania.

5. Since circa January 2005, I served as the Assistant Solicitor for the Borough.

6. Since circa August 2021, I commenced serving as the Solicitor for the Borough in lieu of Attorney Marles.

7. On May 17, 2023, the Borough received a Pennsylvania Right-to-Know Law request, dated May 17, 2023, from Michael Long requesting, in relevant part, the following:

> "All …, … emails, …, …, …, between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022, regarding:
>
> - The resignation of Mark Saginario
> - The vacated council seat following Mark Saginario's resignation
> - The appointment of Emmanuel Mirabito to the council seat
> - Borough Policy on a vacated council seat
> - Any potential employment, position benefits, compensation of Fiorella Mirabito
> - Advertisement of any new position within the Borough
> - The resignation of Marena Rasmus
> - Clerk positions within the Borough
> - The hiring of any individual for a clerk position within the Borough
> - Borough policy on hiring for new positions
> - Any public announcement regarding the above topics

> Please note that this request includes any relevant communications that are not covered by attorney-client privilege. Under the RTKL, attorney-client privilege does not apply to factual information or data, the application of law to fact, or legal strategy, among other things."

8. I will refer to the above referenced part of the Right-to-Know Law request, dated May 17, 2023, as "RTKL Request".

9. Mr. Long's above statement in is RTKL Request regarding the scope of attorney-client privileged communications is erroneous.

10. The attorney-client privilege has the purpose of fostering the free and open exchange of relevant information between the lawyer and the client. Gillard v. AIG insurance Company, 15 A.3d 44 (Pa. Supreme 2011).

11. To establish the attorney-client privilege, the person claiming it must demonstrate:

(1) The asserted holder of the privilege is or sought to become a client.
(2) The person to whom the communication was made is a member of the bar of a court, or his subordinate.
(3) The communication relates to a fact of which the attorney was informed by his client, without the presence of strangers, for the purpose of securing either an opinion of law, legal services or assistance in a legal matter, and not for the purpose of committing a crime or tort.
(4) The privilege has been claimed and is not waived by the client.

Office of the Governor v. Davis, Jr., 122 A.3d 1185 (Pa. Cmwlth. 2015)(citing Nationwide Mutula Insurance Company v. Fleming, 924 A.2d 1259 (Pa. Super. 2007), *affirmed by an equally divided court*, 992 A.2d 65 (Pa. Supreme 2010).

12. The attorney-client privilege operates in a two-way fashion to protect confidential client-to-attorney or attorney-to-client communications made for the purpose of obtaining or providing professional legal advice. Gillard, *supra*.

13. The holder of the privilege is the client or person seeking to become the client. Office of the Governor, *supra*.

14. Here, the holder of the privilege is the Borough of Bath (the "Borough") and the Borough has not waived the privilege.

15. Bradford T. Flynn ("Flynn") is an Open Records Officer for the Borough.

16. Flynn is also the Manager for the Borough.

17. On or around June 23, 2023, Flynn, in his capacity as a Borough Open Records Officer, asked me to review several potentially responsive emails that he located via his search on the Borough's server for emails between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and me from September 20, 2021, to May 15, 2022, regarding the subject matters identified in the RTKL Request.

18. Based on my review of the potentially responsive emails that Flynn located via his search on the Borough's server, I identified only my email of December 3, 2021, from me to former Borough employee Marena Rasmus with copy to **Flynn**, Borough Engineer Madison, **Borough employee Lamparter,** Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker) (the "JFK Email of 12-3-21") as containing my legal advice regarding several parts of proposed Resolution #2021-012 including, but not limited to, Article 2.7(f) of proposed Resolution #2021-012.

19. Article 2.7 of proposed Resolution #2021-012 relates to the process to appoint a person to a vacated Council seat. Thus, Article 2.7(f) of proposed Resolution #2021-012 relates to the process to appoint a person to a vacated Council seat. Thus, my legal advice in the JFK Email of 12-3-21 related to the process to appoint a person to a vacated Council seat. **Also, while my Affidavit of July 24, 2023, states that "[b]ecause of that, my legal advice in the JFK Email of 12-3-21 regarding Article 2.7(f) of proposed Resolution #2021-012 …, …, … related to the prospective appointment of Emmanuel Mirabito to the Council seat that was imminently being vacated by former Councilmember Mark Saginario[]", after further review, that statement is not correct because it was not until the January 2022 Regular & Reorganization Meeting email dated 12/29/2021 (Attachment 'B' to Bath's final response letter dated June 23, 2023, addressed to Mr. Long which response letter is attached hereto as Exhibit "C" which response letter included (a) then Councilmember Mark Saginario's resignation letter dated December 31, 2021 (Attachment 'B-1' to Exhibit "C" attached hereto) and (b) the Emmanuel Mirabito letter of interest dated December 13, 2021 (Attachment 'B-2' to Exhibit "C" attached hereto)) that I became aware of the possibility of Council possibly appointing Emmanuel Mirabito to the Council seat that was imminently being vacated by former Councilmember Mark Saginario and I was not asked**

to provide a legal opinion regarding the prospective appointment of Emmanuel Mirabito to said Council seat.

20. The JFK Email of 12-3-21 falls within the "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz, from September 20, 2021, to May 15, 2022" stated in Mr. Long's RTKL Request. Emphasis added.

21. The JFK Email of 12-3-21 was made to representatives of my client, the Borough, for purposes of providing legal advice, outside the presence of strangers, in response to a communication from **Borough employee Marena Rasmus**, outside the presence of strangers, for an opinion of law regarding any part of proposed Resolution #2021-012 and not for the purpose of committing a crime or tort.

22. The JFK Email of 12-3-21 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*; **see also, RTKL Sections 102 (definitions of "privilege" and "public record"), 305(a)(2) and 506(c)(2)**.

23. **In response to Office of Open Records Appeal Officer Kelly Isenberg's request of September 26, 2023, for the Borough to provide an Exemption Log, attached hereto as Exhibit "A" is the Borough's Exemption Log.**

24. **I prepared the Borough's Exemption Log and I have actual knowledge of the records identified in the Borough's Exemption Log.**

25. **The JFK Email of 12-3-21 is identified as Record Number 1 on the Borough's Exemption Log. See Exhibit "A".**

26. On or around June 23, 2023, I also stated to Flynn that, as a precautionary measure, he should note in the Borough's letter of June 23, 2023, to Mr. Long that emails from me to Flynn, Mayor Fiorella Mirabito and/or members of Council regarding my legal advice regarding the resignation of Mark Saginario from Council, the vacated Council seat following Mark Saginario's resignation, the appointment of Emmanuel Mirabito to the Council seat[1] and the process to appoint a person to Council seat are attorney-client privileged and not subject to access per RTKL Section 102 (definitions of "privilege" and "public record").

[1] On or around June 23, 2023, I mistakenly included the topic of the appointment of Emmanuel Mirabito to Council as I was not asked to provide a legal opinion regarding the appointment of Emmanuel Mirabito to Council and re-reviewing the content of the attorney-client privileged emails identified on the Borough Exemption Log made me realize that.

27. I stated "and/or" to Flynn **(as referenced in paragraph 26 above)** because (a) the JFK Email of 12-3-21 which falls within the "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz" but also (b) I had/have the following email exchange for legal advice that does not fall within "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, **and** James Kratz":

(a) Email exchange in October 2021 (the "Email Exchange in October 2021") with Flynn and Council President Ehrgott regarding their request for legal advice regarding the resignation of then Councilmember Mark Saginario, the vacated Council seat following Mark Saginario's resignation and the general process to appoint a Council person. The prospective appointment of Emmanuel Mirabito to the Council seat was not a part of this email exchange **and it was not part of the JFK Email of 12-3-21 either. As stated in paragraph 19 above, I was not asked to provide a legal opinion regarding the prospective appointment of Emmanuel Mirabito to said Council seat**.

28. **The Email Exchange in October 2021 is comprised of the emails identified as Record Numbers 2 thru 12 on the Borough's Exemption Log attached hereto as Exhibit "A".**

29. The Email Exchange in October 2021 was made **by and** to representatives of my client, the Borough, for purposes of **the Borough seeking and my providing legal advice to the Borough**, outside the presence of strangers, in response to emails from Flynn and Council President Ehgott, outside the presence of strangers, for an opinion of law and legal assistance regarding the resignation of then Councilmember Mark Saginario, the vacated Council seat following Mark Saginario's resignation and the general process to appoint a Council person and not for the purpose of committing a crime or tort.

30. The Email Exchange in October 2021 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*; **see also, RTKL Sections 102 (definitions of "privilege" and "public record"), 305(a)(2) and 506(c)(2)**.

31. I stated "and/or" to Flynn as stated in paragraph 26 above because I desired that Flynn inform Mr. Long that I did provide legal advice on the topics covered by the Email Exchange in October 2021 so Mr. Long is aware that Flynn **and** Council President Ehrgott were

aware of my legal advice so Mr. Long may possibly find that he does not need to make another right-to-know law request on that topic/time period.

32. On or around June 23, 2023, I also searched my email records for the Borough and did not find any other email exchanges regarding Mr. Long's other subject matters during the relevant time frame so I informed Flynn that I didn't have other attorney-client privileged emails to note for Mr. Long.

33. In preparing **my Affidavit of July 24, 2023**, I performed another search to ensure my initial search was correct and I located the following email exchanges:

(a) Email exchange on April 21, 2022 (the "JFK 4-21-22 Email Exchange #1"), between Flynn and me wherein Flynn sought legal opinions regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and form of compensation and where I provided legal advice in response to same.

(b) Email exchange on April 21, 2022 (the "JFK 4-21-22 Email Exchange #2"), between Council President Ehrgott and me wherein Council President Ehrgott sought legal opinion regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and where I provided legal advice in response to same.

34. The JFK 4-21-22 Email Exchange #1 was made **by and** to a representative of my client, the Borough, for purposes of **the Borough seeking and my providing legal advice to the Borough**, outside the presence of strangers, in response to a communication from Flynn, outside the presence of strangers, for opinion of laws regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough and form of compensation**, and not for the purpose of committing a crime or tort**.

35. **In my Affidavit of July 24, 2023, I inadvertently forgot to mention that the JFK 4-21-22 Email Exchange #1 was not made for the purpose of committing a crime or tort**.

36. The JFK 4-21-22 Email Exchange #1 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra***; see also, RTKL Sections 102 (definitions of "privilege" and "public record"), 305(a)(2) and 506(c)(2)**.

37. **The JFK 4-21-22 Email Exchange #1 is identified as Record Numbers 13 thru 15 on the Borough's Exemption Log attached hereto as Exhibit "A".**

38. The "JFK 4-21-22 Email Exchange #2" was made **by and** to a representative of my client, the Borough, for purposes of **the Borough seeking and my providing legal advice to the Borough**, outside the presence of strangers, in response to a communication from Council President Ehrgott, outside the presence of strangers, for an opinion of law regarding the prospective employment of Fiorella Mirabito as a part-time office clerk of the Borough**, and not for the purpose of committing a crime or tort**.

39. **In my Affidavit of July 24, 2023, I inadvertently forgot to mention that the JFK 4-21-22 Email Exchange #2 was not made for the purpose of committing a crime or tort**.

40. **The JFK 4-21-22 Email Exchange #2 is identified as Record Numbers 16 thru 18 on the Borough's Exemption Log attached hereto as Exhibit "A".**

41. The JFK 4-21-22 Email Exchange #2 is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra***; see also, RTKL Sections 102 (definitions of "privilege" and "public record"), 305(a)(2) and 506(c)(2)**.

42. While the JFK 4-21-22 Email Exchange #1 and JFK 4-21-22 Email Exchange #2 each fall outside of Mr. Long's "between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and [Solicitor Kratz]" designation via his RTKL Request and are attorney-client privileged, I **informed** Mr. Long of the existence of the JFK 4-21-22 Email Exchange #1 and JFK 4-21-22 Email Exchange #2 **via my Affidavit of July 24, 2023,** so Mr. Long is aware that Flynn and Council President Ehrgott were aware of the legal advice that I provided so Mr. Long may possibly find that he does not need to make another right-to-know law request on those topics/time period.

43. **In preparing this Affidavit, I gathered the emails identified as Record Numbers 1 thru 18 and, in doing so, I located the following attorney-client privileged email exchange that relates to the JFK Email of 12-3-21:**

(a) **Email exchange on December 6, 2021 (the "12-6-21 Email Exchange") between Flynn and me wherein Flynn sought follow up legal advice to the legal advice that I provided via the JFK Email of 12-3-21 regarding Article 2.7(f) of proposed Resolution #2021-012.**

44. **The 12-6-21 Email Exchange was made by and to a representative of my client, the Borough, for purposes of the Borough seeking and my providing legal advice to**

the Borough, outside the presence of strangers, in response to Flynn's email of 12-6-21, outside the presence of strangers, for follow up legal advice regarding the JFK Email of 12-3-21 regarding Article 2.7(f) of proposed Resolution #2021-012 and not for the purpose of committing a crime or tort.

45. The 12-6-21 Email Exchange is comprised of the emails identified as Record Numbers 19 and 20 on the Borough's Exemption Log attached hereto as Exhibit "A".

46. The 12-6-21 Email Exchange is protected by the attorney-client privilege. Office of the Governor, *supra*; Gillard, *supra*; see also, RTKL Sections 102 (definitions of "privilege" and "public record"), 305(a)(2) and 506(c)(2).

47. Via the Borough's final response dated June 23, 2023, addressed (and provided) to Mr. Long, the Borough provided Attachment 'D' to Mr. Long in response to the second part of his RTKL Request which was "[a] list of all employees hired by the Borough of Bath outside of Public Works Department since January 1, 2022 ..."

48. Attachment 'D' to the Borough's final response dated June 23, 2023, is the Employee Earnings Reports for Michael Kovach, Fiorella Mirabito and David Smith (who were hired by the Borough during the period January 1, 2022, to April 30, 2023) but with redactions that Mr. Flynn stated are the respective home address, social security number and date of birth for Michael Kovach, Fiorella Mirabito and David Smith that were redacted per RTKL Sections 706 and 708(b)(6)(i)(A).

49. Because the copy of Attachment 'D' attached to Mr. Long's appeal filed with the Office of Open Records on July 13, 2023, is not a true and correct copy of Attachment 'D' attached to the Borough's final response dated June 23, 2023, attached hereto as Exhibit "B" is a true and correct copy of Attachment 'D' that was attached to the Borough's final response dated June 23, 2023, addressed (and provided) to Mr. Long. For example, on page 6 of 8 of the copy that Mr. Long filed with the Office of Open Records, it states "Red# 83 SMITH, CAVIC". That is incorrect and may have been caused by software that Mr. Long uses. As you'll see, on page 6 of 8 of Attachment 'D' attached to the Borough's final response dated June 23, 2023, it states "Red # 83 SMITH, DAVID".

50. Attached hereto as Exhibit "C" is a true and correct copy of the Borough's final response dated June 23, 2023, addressed (and provided) to Mr. Long. See Attachmetn 'D' in Exhibit "C".

51. **I have reviewed the Borough's unredacted copy of Attachment 'D' and, after comparing it to the redacted copy of Attachment 'D' attached to the Borough's final response dated June 23, 2023, Mr. Flynn did only redact the respective home address, social security number and date of birth for Michael Kovach, Fiorella Mirabito and David Smith per RTKL Sections 706 and 708(b)(6)(i)(A) on Attachment 'D' attached to the Borough's final response dated June 23, 2023, addressed (and provided) to Mr. Long.**

52. **The redacted copy of Attachment 'D' to the Borough's final response dated June 23, 2023 is identified as Record Number 21 on the Borough's Exemption Log because of the redactions made by Flynn as discussed above.**

JAMES F. KRATZ, ESQ.

On this, the **4th** day of **October**, 2023, before me a Notary Public in and for the Commonwealth of Pennsylvania, the undersigned officer, personally appeared JAMES F. KRATZ, ESQ., known to me (or satisfactorily proven) to be the person whose name is subscribed to the within instrument, and acknowledged that he executed the same for the purposes therein contained.

In Witness Whereof, I hereunto set my hand and official seal.

Attestation Regarding Borough Possession of Records

Name of Requestor: Michael Long

Appeal Caption: Michael Long v. Bath Borough / OOR Docket No.: AP 2023-1598

I, BRADFORD T. FLYNN, on this July 24, 2023, hereby declare, pursuant to 18 Pa.C.S. Section 4904, that the following statements are true and correct based upon my personal knowledge, information and belief:

1) I serve as an Agency Open Records Officer ("AORO") for the Borough of Bath (the "Borough") and am responsible for responding to Right-to-Know requests filed with the Borough.

2) In my capacity as an AORO, I am familiar with the records of the Borough.

3) The first part of the relevant alleged records requested by Mr. Long were as follows:

> "All communications, including but not limited to emails, memos, notes, and text messages, between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022, regarding:
>
> - The resignation of Mark Saginario
> - The vacated council seat following Mark Saginario's resignation
> - The appointment of Emmanuel Mirabito to the council seat
> - Borough Policy on a vacated council seat
> - Any potential employment, position benefits, compensation of Fiorella Mirabito
> - Advertisement of any new position within the Borough
> - The resignation of Marena Rasmus
> - Clerk positions within the Borough
> - The hiring of any individual for a clerk position within the Borough
> - Borough policy on hiring for new positions
> - Any public announcement regarding the above topics
>
> Please note that this request includes any relevant communications that are not covered by attorney-client privilege. Under the RTKL, attorney-client privilege does

not apply to factual information or data, the application of law to fact, or legal strategy, among other things."

4) After receipt of Mr. Long's Right-to-Know Law request, I reviewed the Borough's hard copy storage files to determine whether the Borough had a hard copy storage file for the following specific topics and found as follows:

    a. The resignation of Mark Saginario;

        i. Based on my review, I found the Councilmember file that the Borough has for Mark Saginario for when he was a Councilperson. I further found that it did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022.

    b. The vacated council seat following Mark Saginario's resignation;

        i. Based on my review, I found that the Borough did not have a hard copy storage file for this topic.

    c. The appointment of Emmanuel Mirabito to the council seat;

        i. Based on my review, I found the Councilmember file that the Borough has for Emmanual Mirabito since he was appointed a Councilperson in early January 2022. I further found that it did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022.

    d. Borough Policy on a vacated council seat;

        i. Based on my review, I found that the Borough did not have a hard copy storage file for this topic.

    e. Any potential employment, position benefits, compensation of Fiorella Mirabito;

        i. Based on my review, I found the hard copy personnel file for Fiorella Mirabito. However, the personnel file did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022.

f. Advertisement of any new position within the Borough;

   i. Based on my review, I found that the Borough did not maintain a hard copy storage file specific to advertisements of any new position with the Borough.

g. The resignation of Marena Rasmus

   i. Based on my review, I found the personnel file for Marena Rasmus. I also found that it did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022.

h. Clerk positions within the Borough

   i. Based on my review, I found that the Borough did not maintain a hard copy storage file specific to the general category of clerk positions within the Borough.

i. The hiring of any individual for a clerk position within the Borough.

   i. Fiorella Mirabito was the only clerk (part-time office clerk) hired at a certain point during the period from September 20, 2021, to May 15, 2022. And, since I already found the hard copy personnel file for Fiorella Mirabito and found that it did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022, I ended my search on this topic there.

j. Borough policy on hiring for new positions.

   i. Based on my review, I found the Borough's hard file containing the Borough's policy on hiring new positions. I also found that it did not contain any emails, memos, notes, or text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022.

5) Via my review described in #4 above, I denied Mr. Long's request for the alleged memos and notes as they do not exist.

6) After receipt of Mr. Long's Right-to-Know Law request, I checked my cell phone for any text messages between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz, from September 20, 2021, to May 15, 2022, regardless of subject matter to determine potentially responsive text messages. I didn't locate any because none exist. Hence, I denied Mr. Long's request for the alleged text messages because they do not exist.

7) After receipt of Mr. Long's Right-to-Know Law request, I worked with the Borough's IT vendor to conduct a thorough examination of emails in the possession, custody and control of the Borough for records responsive to the request underlying this appeal by performing a search on the Borough's server for emails between Bradford Flynn, Fiorella Mirabito, Michele Ehrgott, Phyllis Andrews, Barry Fenstermaker, and James Kratz from September 20, 2021, to May 15, 2022, regardless of subject matter to determine potentially responsive emails.

8) From my search described in #7 above, I then reviewed the potentially responsive emails for whether they were responsive to the subject matters identified by Mr. Long in #3 above and to exclude any attorney-client privileged emails (if any existed) from the potentially responsive emails that I located.

9) Via my review described in #7 above, I located the following non-attorney-client privileged responsive emails:

    a. '12_6_21 Meeting of Council' email dated 12/02/2021 from Marena Rasmus to Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker) with copy to me, Solicitor Kratz, Borough Engineer Madison and Borough office secretary Lamparter. This email is responsive because it references proposed Resolution #2021-012 (Articles of Decorum and Rules of Order for Public Meetings) which, at Article 2.7 (Filling Council Vacancies), is responsive to Mr. Long's request for Borough policy on a vacated council seat. I downloaded a copy of this email and marked it Attachment 'A'.

        i. The above email (Attachment 'A') included an attachment (Council packet) that included Resolution #2021-012. I downloaded proposed Resolution #2021-012 and marked it Attachment 'A' - 1.

    b. 'January 2022 Regular & Reorganization Meeting' email dated 12/29/2021 from me to Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker) with copy to Solicitor Kratz, former employee Rasmus and Borough office secretary Lamparter. This email is responsive because it references Mark Saginario's resignation from Council and a letter of interest from a borough resident (Emmanuel Mirabito) requesting to be appointed to the vacant Council

seat because of Mr. Saginario's resignation. I downloaded a copy of this email and marked it Attachment 'B'.

i. The above email (Attachment 'B') included an attachment (Council packet) that included Mr. Saginario's resignation letter from Council. I downloaded Mr. Saginario's resignation letter from Council and marked it Attachment 'B' – 1.

ii. The above email (Attachment 'B') included an attachment (Council packet) that included a letter of interest from a borough resident (Emmanuel Mirabito) requesting to be appointed to the vacant Council seat because of Mark Saginario's resignation. I downloaded Mr. Mirabito's letter of interest and marked it Attachment 'B' – 2.

c. 'March Meeting Minutes' email dated 04/04/2022 from me to Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker) with copy to Solicitor Kratz and Borough Engineer Madison. This email is responsive because it is my reporting that former Borough employee Marena Rasmus resigned from her position effective Sunday, April 3, 2022. I downloaded this email and marked it Attachment 'C'.

10) Via my review described in #7 above, I located the following attorney-client privileged email:

a. 'RE: 12/6/21 Meeting of Council' email dated December 3, 2021, from Solicitor Kratz to former Borough employee Rasmus with copy to me, Borough Engineer Madison, Mayor Fiorella Mirabito and all Council members at that time (including, but not limited to, Michele Ehrgott, Phyllis Andrews, and Barry Fenstermaker). This email contains Solicitor Kratz's legal advice regarding proposed Resolution #2021-012 (Articles of Decorum and Rules of Order for Public Meetings) including, but not limited to, legal advice regarding Article 2.7(f) of proposed Resolution #2021-012.

i. When I discussed Solicitor Kratz's above email with him on or around June 23, 2023, Solicitor Kratz informed me that, as a precautionary measure, I should note in the Borough's denial letter to Mr. Long that emails from Solicitor Kratz to me, the Mayor and/or members of Council regarding Solicitor Kratz's legal advice regarding the resignation of Mark Saginario from Council, the vacated Council seat following Mark Saginario's resignation, the appointment of Emmanuel Mirabito to the Council seat and the process to appoint a person to a vacated Council seat are privileged per attorney-client and not subject to access per RTKL Section 102 (definitions of "privilege" and "public record"). I believe

Solicitor Kratz stated that because of the email referenced in #7)a. above and certain other attorney-client privileged emails that he possesses.

11) Via my review described in #7 above, I determined that the potentially responsive emails did not contain any privileged or non-privileged emails from Solicitor Kratz regarding any potential employment, position benefits, compensation of Fiorella Mirabito, advertisement of any new position within the Borough, resignation of Marena Rasmus, clerk positions within the Borough, hiring of any individual for a clerk position with the Borough, Borough policy on hiring for new positions or any public announcements regarding the foregoing.

12) Via my review described in #7 above, I also determined that the potentially responsive emails did not contain any privileged or non-privileged emails from any of the other persons identified by Mr. Long's request regarding any potential employment, position benefits, compensation of Fiorella Mirabito, advertisement of any new position within the Borough, clerk positions within the Borough, hiring of any individual for a clerk position with the Borough, Borough policy on hiring for new positions or any public announcements regarding same but I forgot to state that in my letter of June 23, 2023 to Mr. Long.

13) Via the Borough's final response to Mr. Long's Right-to-Know Request, I granted him access to (and provided to him) the non-attorney-client privileged responsive records that I located and have identified in #9 above (Attachments 'A', 'A' – 1, 'B', 'B' – 1, 'B' – 2, and 'C' and identified in the Borough's final response of June 23, 2023, to Mr. Long.

14) The second part of the alleged records requested by Mr. Long were as follows:

> "A list of all employees hired by the Borough of Bath outside of the Public Works Department since January 1, 2022. For each employee, please provide the following information:
>
> - Full name
> - Position title
> - Date of hire
> - Department
> - Full-time or part-time status
> - Salary or hourly wage
> - Any additional compensation or benefits
>
> Please note that personal identifying information such as home address, personal phone numbers, and social security numbers can be redacted for privacy reasons."

15) While I am an AORO for the Borough, I am also the Manager of the Borough and have been the Manager of the Borough since circa May 2015.

16) As the Manager of the Borough, I knew and know that the Borough does not maintain a list containing all of the corresponding types of information requested by Mr. Long in #10 above because I conduct the hiring process for any prospective Borough employee whether full-time or part-time and I don't maintain such list.

17) As the Manager of the Borough, I am intimately familiar with the names and positions of all Borough employees.

18) As the Manager of the Borough, I knew that I participated in the hiring of the following persons on or after January 1, 2022:

    a. Michael Kovach hired with a start date of March 30, 2022 as a part-time parking and code enforcement officer at an hourly rate of $19.97. Mr. Kovach's hourly rate was increased to $21.52 starting with the pay period starting December 10, 2022 when other Borough part-time employees were given raises.

    b. Fiorella Mirabito hired as a part-time office clerk with a retroactive start date of April 1, 2022. Mrs. Mirabito started volunteering as an unpaid part-time office clerk starting April 4, 2022, because of the sudden and unexpected resignation of former Borough office administrator, Marena Rasmus, who resigned Sunday, April 3, 2022, effective immediately. Borough Council directed that Mrs. Mirabito's volunteer hours be tracked because Borough Council was considering whether the Borough should compensate Mrs. Mirabito for the office work that she offered to do on a temporary basis without compensation because Borough Council and I were considering the hiring of Mrs. Mirabito as a paid part-time office clerk. Per my duties, I have the ability of hiring part-time employees without obtaining Council approval, however, I discussed the issue with the officers of Borough Council, being the President, Vice-President, and President Pro-Tem. In or around late May 2022, Borough Council, after discussion with me, determined that Mrs. Mirabito would be compensated $15 per hour as a part-time office clerk starting April 4, 2022, and continue in that position as an at-will employee like other part-time employees of the Borough. At the time other part-time employees were given a raise starting for December 10, 2022 pay period, the hourly rate for Mrs. Mirabito was increased to $16.17 starting with that pay period.

        i. For OOR Appeals Officer Isenberg's and Mr. Long's edification, Fiorella Mirabito has also been the Mayor of the Borough since January 1, 2018 (via the November 2017 election) and was reelected as the Mayor of the Borough in November 2021 for her succeeding four year term that started January 1, 2022.

    c. David Smith hired with a start date of August 29, 2022, as a part-time parking and code enforcement officer at an hourly rate of $18.42. Mr. Smith's hourly rate was increased to $19.85 starting with the pay period starting December 10, 2022.

19) As the Manager of the Borough, I knew the Borough has the ability of providing an Employee Earnings report for each employee and that such report provides the start date, number of hours worked per weekly pay period, and gross pay for the respective period.

20) Because the Borough does not maintain the list requested by Mr. Long in #10 above, via the Borough's final response to Mr. Long's Right-to-Know Request, I granted him access to (and provided to him) the Employee Earnings report for Michael Kovach, Fiorella Mirabito and David Smith because I thought that may be helpful to Mr. Long because the Borough did not/does not maintain the list that he requested in #10 above but the Employee Earnings reports each contain most of the information that he was seeking.

21) It has come to my attention that the Employee Earnings reports (Attachment D to my letter of June 23, 2023) do not state the hourly rate of the respective employee so I provided those hourly rates above.

22) It has also come to my attention that the Employee Earning reports (Attachment D to my letter of June 23, 2023) state "Std Wrk Wk" of "40.00" for each respective employee's Employee Earnings report. Each of the subject employees is a part-time at-will employee. I did not create the format of the Employee Earnings report and I don't know how that field was created or populated. The report form is generated from the Borough's designated payroll servicing company, NCR payroll.

Sincerely,

Bradford T. Flynn, Borough Manager
Borough of Bath

Loretta... I wasn't going to say anything - but, we've been friends for a very long time. Your son, submitted a RIGHT TO KNOW REQUEST to the Borough - which is all well and good. Although, I am incredibly angered and upset at the fact that one of his questions includes MY INSURANCE, that WE PAY EVERY MONTH TO THE TUNE OF OVER $1645.00. I am offended and angry. I've already contacted my lawyer - because Mike has gone too far this time. Please take care.

Right-to-Know: The Costs Behind One Requestor

bathborough.org/right-to-know-one-man-is-costing-his-community-a-fortune/

By: Brad Flynn | Published July 9, 2024

Total costs listed below represent billable hours incurred by the Borough through its various professional services to process record requests by Borough resident, Michael Long from October 2022 through June 2024.

TOTAL COSTS TO DATE (AS OF JUNE 30, 2024)

$144,598.32*

Average Cost Per Month $6,885.63

(21-month Period)

**Estimation based on the Borough's review of professional service invoicing where at the time (between late 2022 and early 2023) 'Michael Long' was not specifically related or was mixed with other job or matter numbers. In 2023, professional services began billing their time based on work performed specifically for Michael Long.*

In a given year where Bath's General Fund Budget is around $1.5 million, the total cost would represent 10% of overall Borough expenditures.

How did we get here?

This webpage will be devoted to the numerous Right-to-Know Requests and appeals filed by, Michael Long. The Borough is providing this additional transparency because of the enormous fiscal impact this has on the Borough. From submitting multiple Right-to-Know Requests on a single day and in multiple subparts, spanning several years of records, then forcing the Borough through multiple appeals, to the Borough filing a court challenge.

The workload has been immense from the start. Michael Long's requests cause annoyance because of the potential universe of records sought (hundreds to tens of thousands of documents) in an overly broad, non-specific way that has caused the Borough to make judgement calls as to what exactly is being asked for. There are times where the requests have been filed by Long in succession or on the same day. Even after staff attempts to discuss these issues with Michael Long, his conduct has only become increasingly vexatious.

The Borough has even tried to work with Michael Long providing him numerous records requested outside of the Right-to-Know Law (RTKL) as a courtesy. These efforts exhaust man hours and required a legal review, having a negative impact on normal Borough operations. And the total expenditure listed above is representative of all records requests processed for Michael Long, both within and outside the realm of the RTKL.

Since the RTKL was revised in 2008, the Borough has faced 8 appeals in its history with the Pennsylvania Office of Open Records (OOR). Michael Long accounts for 75% of these appeal proceedings in under two years. It's created an enormous uptick in legal expenditures because of the quasi-judicial nature of such proceedings; participating in a review, filing position statements, and performing additional searches for records under question.

The Borough also wants the public to know it has no choice but to respond to Right-to-Know Requests, for whatever the Requestor's reasons. There is no limitation on the number of records that could be sought. Also, the burden of proof falls on Bath if it denies access of a public record under the RTKLs more than 30 exemptions. In other cases, Michael Long's requests have been labor intensive requiring legal to review documents, redact information where necessary, or generate hundreds of pages of logs at the request of OOR during the appeals process.

Bath has engaged in a court challenge to review the way in which OOR has incorrectly applied certain rules in one of Long's Right-to-Know appeals. An otherwise standard process has devolved into a circus by Michael Long. Long appears to be using artificial intelligence technology to file motion after motion in county court that are completely unnecessary and procedurally flawed. Long's motions also contain false court case citations and posit false legal propositions. This becomes extremely taxing on the Borough for its legal team to review and respond to these unnecessary court filings.

The costs listed on this webpage do not account for designated Borough staff time. And as an example, throughout 2023, the Borough Manager alone has logged 331.37 hours of work related to all Right-to-Know matters. Of this, approximately 314.8 hours (95%) was spent solely on Michael Long's Right-to-Know requests. At 8 hours a day, this equates to nearly 40 days straight of working for one person.

These costs also do not include additional email and data storage subscriptions the Borough was required to purchase because Michael Long engaged the Borough in a litigation hold. This has created an additional expense of $600 per month from the General Fund for software preserving data under Michael Long's litigation hold notice.

Why does all of this matter? First, the Borough has a right to level with its residents. It's to raise awareness that at this current rate of operational demand and expenditures related to the RTKL, (by one resident) is positioning the Borough to raise property taxes on the entire

community to cover these costs. Tax money will need to be set aside in order to meet the demands of maintaining compliance with the RTKL under normal circumstances and to anticipate future requests by Michael Long.

Below is a year-by-year breakdown of costs associated with records requests by Michael Long. Long's records requests are included. Michael Long's phone number, email address, and home address have been redacted from the records request forms.

2022

Michael Long started submitting Right-to-Know Requests toward the end of 2022.

From October through November 2022, 2 Requests with multiple sub-parts were submitted. The Borough has logged an estimated **$4,554.00** in legal fees to process these requests. The figure is estimated because during this time Right-to-Know matters were not being separated out on an individual basis by the Borough. There was never a need to do so because records request workloads were more routine. The Borough Solicitor would group Right-to-Know work under 'General Solicitorship Services' of the Borough, no matter how many requests the Borough processed in a given year.

The estimate means, for example, if the Solicitor worked on 2 separate Right-to-Know request matters (calling out the name of the Requestors on invoices, one being Michael Long) and the bill was $100, the Borough split this time between Michael Long and the other Requestor evenly. *NOTE: These estimates have not been independently analyzed by the Borough Solicitor's Office.*

It would be costly for the Borough to have the solicitor, or any other professional services, review their invoices to identify work specifically for Michael Long prior to when expense tracking was initiated. This is why, on a go-forward basis, professional services will begin logging hours of work on a per individual basis, should the Borough find a repetitious pattern from a Requestor.

Long accounted for 9% of the Borough's entire 2022 Right-to-Know Request case load. To date, 2022 costs compared to all other Right-to-Know matters have not been estimated.

See Long's Right-to-Know Requests below:

RTK-Request-Form-11.2022-REDACTEDDownload
RTK-Request-21.2022-REDACTEDDownload

2023

In 2023, Long submitted 10 Right-to-Know Requests. In some cases, multiple Right-to-Know Requests were filed on the same day. In each circumstance, the Right-to-Know Requests were written in multiple sub-parts. This was on top of Long's Right-to-Know Requests from 2022 of which RTKR #11.2022 was appealed by Long to OOR.

In total, Long would file 5 Right-to-Know appeals.

Long has accounted for the most amount of money spent by Bath to handle Right-to-Know Requests and appeals to OOR.

In 2023, this was the first time Bath started to separate out expenses for Right-to-Know matters by a single individual. If any vendor worked on Long's Right-to-Know Request, these expenses would now be booked accordingly. Bath's Solicitor's Office began separating out a 'Long' matter number by April 2023. *NOTE: The estimates prior to the Solicitor's Office establishing a separate matter number for Michael Long have not been independently analyzed by the Borough Solicitor's Office.*

Separating out matters numbers is now an ongoing bookkeeping practice Bath will perform, should a Requestor like Long occur in the future. It's only fair and transparent for the community to know where its tax dollars are being spent.

In 2023, Long accounted for an estimated $68,746.93 in Right-to-Know legal fees. The Borough Auditor charged an additional $1,820 in Right-to-Know fees relative to Long's requests. The Borough's bookkeeper completed another estimated $665 in work related to Long's requests. Finally, the Borough's IT vendor performed $2,886.24 in Right-to-Know work for Long.

In total, Michael Long's 2023 Right-to-Know cost the Borough an estimated **$74,153.17** for work related to his Requests, ensuing OOR appeals, and Bath's court challenge.

Long accounted for 26% of the Borough's entire 2023 Right-to-Know Request case load. When compared to overall Right-to-Know costs (non-Michael Long), legal fees amounted to $16,658.45 (one other Requestor accounted for an estimated $9,365.35 of this total; *see 2023 Bath Right to Know Tracking Log*). The Borough's bookkeeper completed an estimated $35 of work. Total fees accrued by Right-to-Know and records processing not associated with Michael Long is estimated at $16,693.45.

In 2023, of the $90,846.62 in total Right-to-Know records processing Bath has completed, Michael Long accounts for approximately 82% of these costs.

See Long's Right-to-Know Requests below:

RTK-20.2023-REDACTEDDownload

RTK-24.2023-REDACTEDDownload
RTKR-32.2023-REDACTEDDownload
RTKR-33.2023-REDACTEDDownload
RTKR-37.2023-REDACTEDDownload
RTKR-38.2023-REDACTEDDownload

2024

Through June 30, 2024, Long has submitted 2 Requests. Right-to-Know Requests and legal matters stemming from the Borough's court challenge accounts for $53,510.35 in new legal expenses. RTK Request #02.2024 was in an email format, which the Borough processed. In March, Bath has since adopted a revised Right-to-Know policy requiring the use of the Standard Right-to-Know Request Form.

In addition, legal expenses have been incurred for attempting to handle Long's request for information and documents outside of the RTKL, totaling $5,534.85. This has now become unsustainable as Long has asked for research, reports, and documents in the months of March, April, May and June. This work is not shown on Bath's Right-to-Know Tracking logs. The impact on staff and operations precludes any further individualized attention Long has sought.

On June 25th, Long attempted to request access to additional records via email while also submitting a Right-to-Know request, doubling down on burdening the Borough with records searching, retrieval, and processing. Michael Long's June 25th email is below:

Request-for-Bank-Statements-and-Audit-TrailsDownload
Through June 30, 2024, Bath's IT vendor has expended $4,154.70 in Right-to-Know matters related to Long. The Borough's bookkeeper logged work on Long's Right-to-Know matters, costing the Borough an additional $1,591.25. Plus, another $1,100 in bookkeeping work to review financial data and prepare documents for Long outside of the Right-to-Know Law as a courtesy.

Long's request for records both within and outside of the RTKL have totaled **$65,891.15** through the first 6 months of 2024.

As of June 30, 2024, Long accounts for 22% of the Borough's entire 2024 Right-to-Know Request case load. When compared to overall Right-to-Know costs (non-Michael Long), legal fees amounted to $761.95. The Borough's bookkeeper completed an estimated $83.75 of work. Total fees accrued by Right-to-Know Requests not associated with Michael Long is estimated at $845.70.

In 2024, of the $66,736.85 in total Right-to-Know and records processing Bath has completed, Michael Long accounts for approximately 99% of these costs.

Long would go on to file 1 appeal stemming from a 2023 Right-to-Know Request.

See Long's Right-to-Know Requests below:

Yvonne... Again, he's using humor. He's been trying to explain what's been happening- no one pays attention. Tax money is being spent on FRIVOLOUS Right-To-Know requests for TWO YEARS. At least this is getting attention. We're NOT THIEVES...and one person insists we are AND continues to send ABSURD RTK's.
It HAS TO STOP.

Wendy Hujsa... Go to his Community Hub - Bath PA page on FB. It's all there. It's absurd ALL OF IT. He's accused Brad and I for over two years. He found an error with my insurance, that I was reimbursing back to the Borough. We missed a total of 7 payments in 3 years... 2019, 2020 and 2021. We made honest mistakes. We paid it immediately when the errors were found. We're human... but, we are NOT felons. He just doesn't stop.
Last week when we had our court hearing, afterwards, he drove by Borough Hall very slowly and gave us "the finger" the entire time he was driving by. It's all on tape. What, are we 12?!?!?🤦

Bingo! Do you know what this Borough could've done with $150K?!? New road, new park, park upgrades, etc. Instead, in my eyes - wasted on legal research fees for someone who has an ax to grind! It's truly mind-boggling!

Jessica... If people were in his shoes being continually FALSELY ACCUSED, they'd think differently. This has been going on for over TWO YEARS. Enough is enough. What's also incredibly sad is past Council members sharing Mr. Longs nonsense...just sayin'. Are they helping our community or working against us?!?!? 🤦

I'd like to know where Mr. Long Obtained his degree in accounting. People go to college for this. How dare you make accusations when you are not qualified or trained in this field. And then bring accusations against people that have nothing to do with the borough. I hope Bradd and his wife sue you for defamation of character. Post picture of your degree or shut your mouth.

BOROUGH POLICY

Policy Number: AD-2022-01

Reference:	Adopted By:
Borough Council of Bath 12/14/2022	Borough Council

Prepared By:	Borough Manager	Date: December 14, 2022
Title:	**Social Media Policy**	

Policy

I. Policy Purpose: According to the National League of Cities, "Social media is a new world of opportunity for local governments to communicate with citizens and receive feedback. Its risks are similar in nature to those of other types of communication, but with a different twist because material circulates so widely and there are many potential contributors." The purpose of this social media policy is to establish a "best management practice" for the use of existing and changing social media for communication. This policy is binding on all the employees, volunteers, and public officials of the Borough of Bath. Your cooperation is required.

II. Definition of Social Media: "social media" includes websites and applications that include forms of narrowcast and broadcast electronic communication (such as social networking and blogging) through which users create online communities and/or profiles to share content (i.e. information, ideas, personal messages, photographs and videos). Examples of social media websites and applications include, but are not limited to, Facebook, Twitter, Instagram, Reddit, Snapchat, LinkedIn, YouTube, and Periscope.

Definition of Borough of Bath Social Media Site: A social media account or profile opened by the Borough Manager pursuant to express approval provided by Borough Council to the Borough Manager for the Borough Manager to do so.

III. Procedure:

A. Who is covered by this policy? This policy covers the following individuals:

1. **Employees**: Individuals who are full time, part time, seasonal, or temporary employees of the Borough of Bath are covered by this policy. Employees must follow this policy in respect to their professional use of social media in the course of their employment, when representing the organization, and to a lesser extent, in their personal life, in so much as the bright line distinction in Section III.B.1. is required between personal and professional use of social media if and when an employee comments in their personal use of social media on Borough business.

2. **Volunteers**: A municipal government may utilize a volunteer or volunteers who intermittently or regularly assist the Borough with activities for no compensation. Volunteers are not employees of the Borough and volunteers are prohibited from representing the Borough of Bath in an official capacity on social media.

3. **Public Officials**: Those elected and appointed officials of the Borough of Bath, as defined by State Law, may play a role in the organization and dissemination of information for the Borough. Therefore, this policy establishes a "**best management practice for official social media use by public officials**" as well as guidelines for appropriate personal use of social media by public officials.

   Examples of public officials include elected officials such as Council members and the Mayor and appointed officials such as the Borough Manager, Borough Secretary, Borough Treasurer, Police Chief (if any), Planning Commission members and Zoning Hearing Board members.

B. Bright Line Distinction

1. The bright line distinction is to **make sure all posts are clearly expressed as your own statements or opinions and not an official statement or position of the Borough.** A disclaimer such as "views and posts are my own and do not represent the position or opinion of my employer or the Borough of Bath," may seem unnecessary, but it is specifically insisted upon in a person's personal use of social media. Further, those voluntarily appearing in images

on social media should not be wearing uniforms or insignia of the Borough, without the express written permission of the Borough Manager. Obviously, those images obtained in public view (i.e. working in the street) while wearing a Borough uniform or insignia (including a Borough Seal, which is protected by local law), is an exception.

Example of Social Media Disclaimer: Views and posts are my own and do not represent the position or opinion of my employer or the Borough of Bath.

C. First Amendment Right of Free Private Speech

1. Nothing in this policy is intended to limit the First Amendment right of free private speech of an employee, volunteer, or public official of the Borough of Bath.

2. Nothing in this policy is intended to limit any employee's protected union activity.

3. Nothing in this policy is intended to limit an employee's right to discuss the terms or conditions of their employment in accordance with applicable law, report illegal activities occurring at work (i.e. whistleblower protection) in accordance with applicable law, or who speak out as a private citizen regarding a matter of public concern in accordance with applicable law.

D. Internet Access to Social Media on Borough Owned Devices

1. The Borough Manager shall serve as the Borough's social media coordinator and shall be responsible for overseeing the Borough's official social media activity and monitoring compliance with all Borough policies including this policy. Any content to be published or edited on a Borough of Bath Social Media Site must be pre-approved by the Borough Manager of Borough Council President. If the Borough hires a Public Information Officer, that employee may be delegated, in writing, some of the Borough Manager's responsibilities. The Borough Manager shall propose to Borough Council which social media platforms, the Borough will use to establish any Borough of Bath Social Media Site. The Borough Manager shall designate, in writing,

which employees, if any, are permitted to publish or edit content on a Borough of Bath Social Media Site. The Borough Manager is herein authorized to determine which social media websites and applications provide a benefit to the organization and are therefore accessible on Borough devices and which social media websites and applications should be blocked. The Borough maintains software, which can be set to block access to specific web pages and web applications. This is an administrative decision of the Borough Manager and is administered by the Information Technology (IT) Office.

2. If an individual covered by this policy finds that they have access to a social media website or application on a Borough owned device, they should use great care accessing that website or application. They should determine whether access is permitted by the Borough of Bath and whether their use conforms to this policy.

3. Use of a "boroughofbath.org" email address for social media purposes, as a user, subscriber, or creator of content, requires prior written authorization by the Borough Manager or Council President for this activity.

4. Access to social media websites and applications on personal equipment is understood to exist, but access during work hours for personal purposes should follow this policy and existing computer access policies elsewhere promulgated by the Borough of Bath.

5. Sharing of unauthorized photographs or disclosure of Borough data or information that would reveal personal identification information of certain Borough employees or Borough citizens/customers or confidential information that is necessary to maintain the safety and security of the Borough's buildings, property, systems, and operations is prohibited. Examples of such information include, but are not limited to:

    a. All or part of a person's Social Security number, driver's license number, personal financial information, bank account numbers, utility account numbers, home, cellular or personal telephone numbers, personal e-mail addresses, employee numbers or other confidential personal identification numbers;

    b. The home address of a law enforcement officer;

c. Network or computer usernames or passwords or other records regarding computer hardware, software and networks, including administrative or technical records, which, if disclosed, would be reasonably likely to jeopardize computer security;

d. Security codes or combinations;

e. A record or part of a record related to an ongoing investigation;

f. A record or part of a record maintained by the Borough in connection with law enforcement or other public safety activity that, if disclosed, would be reasonably likely to jeopardize or threaten public safety or preparedness or public protection activity.

E. Responsible Decision Making when Utilizing Social Media

1. To assist you in making responsible decisions about your use of social media, we have established these guidelines for the professional use of social media and prohibitions for any on or off duty use of social media, which might act to discredit the professional reputation of the Borough of Bath, any of its employees or public officials; infringe on the Borough's operations; or infringe on the Borough's ability to provide effective and efficient services. This policy does not overrule common sense relating to the desired character of on or off duty behavior of Borough personnel which is established in other policies relating to employee on and off duty conduct. It is designed to supplement other personnel conduct policies as it specifically relates to social media use. This policy does not apply to an employee's personal use of social media, during personal time, for purely personal reasons where the employee does not identify himself/herself as a Borough employee and/or the employee does not comment on Borough business in their personal use of social media.

2. All Borough policies and applicable state and federal laws, including, but not limited to, policies or laws prohibiting harassment, discrimination, and retaliation apply with equal force to conduct occurring in person and online. Any violation of these policies or laws will be addressed in the same manner whether the offending conduct occurs in person or online. Harassment, bullying, discrimination, or retaliation that would not be permissible in the workplace is equally impermissible online, even if it is done after hours, from home, or on personal computers or other personal devices. Violation of all

Borough policies or laws while on social media, even personal social media accounts, may result in disciplinary action by the Borough.

3. Employees who are not authorized to post official Borough content or are authorized employees participating in social media usage while off-duty or in an unofficial capacity shall clearly indicate that the viewpoints they express are their own and do not represent the Borough's position or opinion. Take these extra steps to make sure your posts are crystal clear.

4. Public officials should take care to be extremely limited to their activities on social media. To disseminate information about Borough business, the public official needs to request that the information be posted on a **Borough of Bath Social Media Site** and said information shall not be disseminated through a public official's private account without the express written permission of the Borough Manager or Borough Council. Only the Borough Manager or Borough Council can waive this requirement. When participating in social media activity as a private citizen, the public official needs to use the public official's private citizen social media website, application or account.

5. Additional Guidance: The 5 'Rs' of Social Media:

    a. **Reason:** Simply put, use reasonable etiquette, the same as you would offline.

    b. **Represent Yourself:** Anonymous profiles lend themselves to more negative content.

    c. **Responsibility:** Make sure that what you're saying is factually correct.

    d. **Respect**: What you say online is a permanent record, so don't say anything online you wouldn't feel comfortable saying to the whole community—with a camera rolling.

    e. **Restraint:** Before you hit that "post" button, pause and reread. If you wouldn't want that particular thought or contribution forever associated with your name, don't post it.

Court rulings have determined that the Constitution gives you the right to post, but as numerous people have learned, there are consequences. What you give to the public belongs to the public. What you keep to yourself belongs to you.

F. Political Activities and Campaigns on Social Media

1. Official political campaigns on social media:

   If you are a public official who is a candidate for publicly elected office, please follow the following rules:

   So, there is no misunderstanding, if a candidate or someone representing a candidate for publicly elected office establishes an official political social media presence for campaigning, it is required that the account or name on the social media profile be *the group* representing the candidate or the candidate's name without using his or her title of his or her current position as a public official but stating the publicly elected position that the candidate is campaigning to be elected to said position. For example, if Council Member Mickey Mouse is running for State Senate, the profile might be called Citizens to Elect Mickey Mouse, or the Committee to Elect Mickey Mouse, or Mickey Mouse for State Senate, but not just Mickey Mouse, nor Council Member Mickey Mouse.

G. Links to External Social Media on Borough website(s)/application(s)

1. In computing, a hyperlink, or simply a link, is a reference to data that the reader can directly follow either by clicking, tapping, or hovering. A hyperlink points to a whole document or to a specific element within a document. A link to social media is inferred to be a digital connection to a profile, site, or application associated with social media.

2. Borough links are strictly prohibited unless expressly approved in writing by the Borough Manager or Borough Council. Links are not an expression of endorsement nor does the connection to an approved external website or social media application carry with it any implied or specific responsibility that the information or content on the exterior side of the link is correct, accurate, complies with Borough policies, or is up to date. A link when provided is a convenience for the Borough user to access some external data.

3. Any proposal to establish an external link from a Borough website should be presented to the Borough's social media coordinator in advance of being created.

H. Official Borough of Bath Social Media Accounts/Profiles

1. Any social media website, application and/or account not expressly approved by Borough Council is not a Borough of Bath Social Media Site. The current Borough of Bath Social Media Sites are as follows:

   a. Facebook/Facebook Messenger
   b. Instagram
   c. LinkedIn
   d. Nextdoor
   e. Pinterest
   f. Reddit
   g. Snapchat
   h. TikTok
   i. Twitter
   j. WeChat
   k. WhatsApp
   l. YouTube

2. Failure to seek Borough Council approval for an official Borough of Bath Social Media Site is a violation of this policy.

3. The Borough of Bath websites (www.bathborough.org, Borough of Bath YouTube Channel, etc.) will remain the Borough's primary and predominant internet presences.

   a. The best, most appropriate Borough of Bath uses of social media tools fall generally into two categories: first, as channels for disseminating time-sensitive information as quickly as possible (example: emergency information); or second, as channels for dissemination of information that is not time-sensitive to increase the Borough's ability to broadcast its messages to the widest possible audience.

4. Content posted to a Borough of Bath Social Media Site may also be available on the Borough's websites if approved by the Borough Manager.

5. Content posted to a Borough of Bath Social Media Site may contain links directing users back to the Borough's official websites for in-depth information, forms, documents or online services necessary to conduct business with the Borough of Bath.

6. All Borough of Bath Social Media Sites shall comply with all applicable Borough of Bath policies.

7. Content (in whole or in part) contained on a Borough of Bath Social Media Site may be subject to Commonwealth of Pennsylvania public records laws.

8. Said content shall not be deleted or destroyed by any Borough employee or public official.

9. Pennsylvania state law and relevant Borough of Bath records retention schedules may apply to content (in whole or in part) on a Borough of Bath Social Media Site. Unless otherwise addressed in a specific social media standards document, the Borough Secretary shall preserve records required to be maintained for a period of no less than thirty (30) calendar days on a Borough server in a format that preserves the integrity of the original record and is easily accessible.

10. Users and visitors to social media sites shall be notified that the intended purpose of the site is to serve as a mechanism for communication between the Borough of Bath and members of the public. In general, the Borough shall attempt to exclude the ability to post public comments on social media postings or, if possible, decline to participate in social media conversations. Users and subscribers should be referred to a public official to discuss items.

11. To the extent public comments are enabled, all members of the public will be allowed to comment, and public comments shall not thereafter be blocked, filtered, deleted, or otherwise censored, except as provided below or as allowed by law. Any comments posted by a member of the public on content (in whole or in part) on a Borough of Bath Social Media Site are the opinion of the poster only and the presence of such comments on the Borough's social media does not imply that the Borough endorses or agrees with the comments. Any content (in whole or in part) on a Borough of Bath Social Media Site containing any of the following forms of content shall not be allowed:

a. Comments not topically related to the particular social medium article being commented upon;

b. Profane or obscene language or content;

c. Content that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, status with regard to national origin, physical or mental disability or sexual orientation;

d. Sexual content or links to sexual content;

e. Solicitations of commerce;

f. Solicitations for donations;

g. Conduct constituting or encouraging illegal activity;

h. Information that may tend to compromise the safety or security of the public or public systems;

i. Content that violates a legal ownership interest of any other party; or

j. Content that violates trademark or copyright laws.

12. Any content removed based on these guidelines must be retained by the Borough's social media coordinator, including the time, date and identity of the poster when available pursuant to record retention rules in this policy.

13. The Borough reserves the right to restrict or remove any content that is deemed in violation of this social media policy or any applicable law.

14. The Borough is prohibited from banning or blocking any user or subscriber to any Borough of Bath Social Media Site unless their participation violates this policy or is creating an illegal or unmanageable situation. For example, a subscriber who repeatedly posts sexual content or links to sexual content may be blocked. In such cases, a block must be approved by either the Borough Manager or Borough Council.

15. Comments, media, or other information posted to or displayed on a Borough of Bath Social Media Site are subject to monitoring and review at any time,

and users have no expectation of privacy with respect to any such comments, media, or other information. However, given our limited staff resources, monitoring may not occur 24/7, and as such, the Borough of Bath is not liable for inappropriate or offensive comments that may be posted.

IV. Violations of this Policy

1. **Employees**: Violations of this policy may result in disciplinary action(s) up to and including termination. This policy will not be construed or applied in a manner that improperly interferes with an employees' rights under the Constitution of the United States of America, Constitution of the Commonwealth of Pennsylvania, Pennsylvania Public Employee Relations Act, Pennsylvania Labor Relations Act, or any other applicable Pennsylvania or federal labor law. Any activities that are expressly protected under these labor laws shall be permitted in accordance with the applicable labor law. Nothing in this policy shall be construed as superseding or being in conflict with any existing or future Collective Bargaining Agreement maintained by the Borough of Bath.

2. **Volunteers**: Violations of this policy may result in removal of opportunities to volunteer with the Borough of Bath. In extreme cases, a volunteer who wantonly violated this policy may be banned from entering into Borough owned facilities or participating in Borough activities. Any volunteer who violates this policy shall be afforded the right of an administrative hearing before discipline is decided, but in so much as this is an administrative decision the ultimate administrative decision is made by the Borough Manager or his designee.

3. **Public Officials**:

    a. Appointed Officials: Violations of this policy may result in appropriate disciplinary actions up to and including termination.

    b. Elected Officials: Violations of this policy may result in:

        i. A public censure of the elected official as decided by a majority of Borough Council; or

        ii. A civil action to recover the costs of investigating and documenting any violation of this policy.

J. Administration

1. This policy shall be administered by the Borough Manager or his designee. With respect to activities of the Borough Manager, this policy shall be administered by the President of Borough Council.

K. Acknowledgment

1. All current and future Borough of Bath Employees, Volunteers, or Public Officials, must acknowledge that they have received and read a copy of this policy. It will also be included in all future Personnel Handbooks published by the Borough's Personnel Office.

Dear Borough of Bath,

Subject: Litigation Hold Notice Pertaining to Ongoing Legal Appeal and Potential Future Litigation

I am writing to formally request that the Borough immediately implement a comprehensive litigation hold on all materials that may pertain to any past, present, or future investigations, audits, or legal proceedings involving the Borough's finances, accounting, budgets, contracts, procurement, administration, governance, personnel issues, or any potentially improper, unethical, or illegal conduct by current or former Borough officials, employees, volunteers, or agents.

Background:

As evidenced by Borough actions in response to my Right-to-Know Law requests, there are clear deficiencies in transparency and accountability. I have encountered numerous instances of what I perceive to be unethical and potentially unlawful behavior, including refusal to provide financial records, potential interference in elections, apparent nepotism, questionable handling of insurance premium payments, lack of financial transparency, failure to adhere to mandated records release as per my final determination and reconsideration findings, and potential misappropriation of public funds.

The Borough's apparent unwillingness to provide requested records in a timely and complete manner, coupled with what appears to be consistent use of delay tactics and semantic arguments, has raised serious concerns about the integrity of Borough governance and the stewardship of public funds. I am particularly troubled by the significant cost of these delays and obfuscations, which are ultimately borne by Borough residents.

Borough Code 181-4: Copies of Municipal Documents to be Available

I would like to bring to your attention Borough Code 181-4, which clearly states, "Nothing herein stated shall restrict any person from maintaining copies of any portion or portions of the official records of the Borough of Bath for any purpose whatsoever." This provision supports my request for a comprehensive preservation and examination of all relevant Borough records and my concerns from the extensive effort to prevent it. It presents a clear demonstration of of the boroughs failure to adhere to its own code and strengthens the necessity of this correspondence requirements and the course of action that will be taken if not adhered too.

In the course of my inquiries, I have encountered numerous issues that lead me to believe there may be potential instances of misconduct and possibly even unlawful behavior. While I am not

making formal accusations at this point, I believe these concerns warrant serious investigation. The areas of potential concern include, but are not limited to:

Potential Financial Offenses:

- Misappropriation of Funds
- Fraud

Potential Election Related Offenses:

- Election Fraud
- Violation of State and Local Election Laws

Possible Abuse of Position:

- Official Oppression
- Misuse of Official Position
- Abuse of Power
- Breach of Fiduciary Duty
- Conflict of Interest

Potential Obstructive and Deceptive Actions:

- Obstruction of Justice
- Intimidation or Harassment
- Withholding Public Records
- Perjury

Issues with Transparency and Trust:

- Violation of Open Records Laws
- Breach of Public Trust

Possible Conspiratorial Actions:

- Conspiracy
- Conspiracy to Defraud

Given the gravity and extent of the potential irregularities identified, it is imperative that an exhaustive digital forensics investigation be conducted to guarantee the authenticity and integrity of electronic records. In tandem, a thorough forensic financial audit, inclusive of a fraud risk assessment, ought to be carried out. These assessments should be entrusted to independent third-party entities with no prior affiliations to the Borough.

Upon completion, it is crucial that a comprehensive report summarizing the findings of these audits be made publicly available and uploaded to the Borough's official website. This measure is pivotal in fostering transparency and reinstating public trust.

Considering the substantial expenses already incurred by the Borough while responding to three Right-to-Know Law requests—a figure estimated to have reached an unprecedented $100,000—it is evident that the cost implications of potential litigation would far exceed those associated with conducting the proposed audits. However, the audits offer additional benefits that extend beyond monetary considerations. They have the potential to alleviate concerns, restore public faith, and strengthen the efficacy of Borough governance. The audits represent a no-loss proposition.

In the interest of accountability, I also advise that the Council postpone signing a new contract with the borough manager until the aforementioned audits have been satisfactorily completed.

Non-compliance with these non-negotiable prerequisites will necessitate litigation and a request for injunctive relief, with the ultimate aim of fostering a government that can command the respect of all residents of the Borough of Bath.

The preservation of all relevant Borough records is a critical first step in facilitating this comprehensive investigation.

Scope of Litigation Hold:

This litigation hold applies to ALL Borough records from January 1, 2019 to the final resolution of all legal proceedings to my dispute (both paper and electronic) that could reasonably lead to discoverable evidence relating to the following:

- **All Forms of Communication (2019 to Present):** This includes any communication involving current or former Borough officials, employees, contractors, service providers, consultants, volunteers, or agents.

- **Financial and Accounting Records:** All financial documents and records of the Borough, irrespective of subject matter, fund, or date from 2019 until the resolution of all applicable legal proceedings involving myself.

- **Personnel Records:** This includes performance reviews, disciplinary records, complaints, and investigations of any Borough personnel from 2019 to the present.

- **Electronic Records and Logs:** Any metadata, security logs, access logs, change logs, or records of access regarding Borough information systems and devices across the same period.

- **Telecommunication Records:** This includes phone call, text message, data usage logs, and billing records for Borough-funded devices, from 2019 until the conclusion of relevant legal proceedings.

- **Deprecated and Current Equipment:** This pertains to the borough manager's replaced PC, old server, front desk workstation, mobile phones, and other computing equipment regardless of their current operational status.

Specific IT-Related Records:

- **IT-11 Security Records:** This includes information relating to firewalls, intrusion detection, unauthorized access, and other security measures.

- **IT-5 Computer Usage Files and Reports:** This covers login files, system usage files, data entry logs, and records of individual computer program use.

- **IT-2 Computer Systems Documentation:** This pertains to hardware and software manuals and program coding.

- **IT-3 Equipment and Network Usage Documentation:** This includes policies and procedures for the use of agency equipment and software.

- **IT-4 Equipment Records:** This covers purchase orders, warranties, service contracts, service histories, and correspondence.

Mandatory Compliance and Confidentiality:

- Immediate cessation of destruction or disposal of the specified records and equipment.

- Strict adherence to confidentiality for all preserved data.

- Non-compliance may result in legal sanctions or disciplinary actions.

As part of this litigation hold, the Borough must also formally notify any relevant third-party contractors such as Drivelocker and inform them in writing of their concurrent duty to institute a hold and preserve pertinent records in their custody.

Please note that failure to comply with this litigation hold may result in spoliation of evidence, which can lead to serious legal consequences, including:

Monetary sanctions: The court may order the party failing to preserve evidence to pay fines or the opposing party's legal fees related to the spoliation issue.

Adverse inference: The court may instruct the jury to infer that the lost evidence was unfavorable to the party that failed to preserve it.

Dismissal or default judgment: In extreme cases, the court may dismiss the claim of the party responsible for the spoliation or enter a default judgment in favor of the opposing party.

Acknowledgement of Receipt:

Please acknowledge the receipt of this letter and your intent to comply with the litigation hold notice by December 15, 2023, of your receipt. Your acknowledgement should confirm that you have informed all relevant parties of their obligation to preserve potentially relevant documents and electronic data.

Non-compliance with these non-negotiable prerequisites will necessitate litigation and a request for injunctive relief, with the ultimate aim of fostering a government that can command the respect of all residents of the Borough of Bath.

The future integrity of governance in the Borough of Bath now rests on your swift compliance with this legal obligation. This matter requires your utmost diligence.

Sincerely,

Michael Long
michael.long479@gmail.com

Exhibit N

Dearest Bradford,

You can fool some of the people some of the time, but..

I strongly disagree with your assessment in the "Notable Statements of 2024" [P.O.S] document regarding the appointment of Emanuel Mirabito to the Borough Council and the handling of related communications. The evidence clearly demonstrates serious issues of nepotism, conflict of interest, and potentially illegal document manipulation. These concerns are rooted in several key areas:

Nepotism and Conflict of Interest:

The claim that the mayor had no voting power in council decisions and thus could not have had a conflict of interest in recommenuding her husband for the vacant council seat is demonstrably false. The mayor has undeniably exercised her voting power in the past, most notably during the April 2018 meeting, where she broke a 3-3 tie to appoint Frank Hesch to Council. This clearly proves that the mayor does

indeed have voting power and has used it to influence council outcomes, directly contradicting the initial claim [D].

The mayor's involvement in advocating for her husband's appointment, combined with her established ability to vote on the appointment of empty council positions, presents an undeniable conflict of interest. This issue is further exacerbated by the mayor's previous actions, which suggest a pattern of leveraging her position to influence council decisions in ways that benefit her personally. Examples include:

1. In fall 2021, the mayor advocated for the appointment of a new engineering firm for the borough. Notably, this seemed to have benefited a very, very small portion of the towns populous as the Firms Representative is father of her son's wife. Following this change, residents celebrated the significant increase in the cost of engineering services, rising from $118/hr to $180/hr for any project requiring such expertise.
2. In April 2022, when Marena quit, the mayor was given the job as clerk without public announcement. To this day, the borough only refers to that position as "the clerk" and never mentions that it’s also the mayor herself.

The lack of transparency regarding the replacement of a council member, especially when contrasted with how the same individuals handled the very same situation in 2018, raises serious concerns about the integrity of the appointment process.

The email dated October 28, 2021 [A] clearly shows that Mayor Fiorella Mirabito was advocating for her husband's appointment to the council vacancy somehow months before it even known to be happening. This use of insider information to promote a family member's interests is a clear example of nepotism and conflicts with the PA Mayors Handbook's definition of conflict of interest [B]. These connections between her personal interests and official responsibilities further solidifies the conflict of interest in this situation.

Misuse of Confidential Information and Inconsistent Process:

The email dated October 28, 2021 [A] not only demonstrates that Mayor Mirabito was discussing the council vacancy behind closed doors, but it also highlights a troubling inconsistency in how the Borough handled public disclosure compared to past practices. In this email she CC'd Brad, all council as well as both Tanya and Marena. Both of whom were neither authorized to participate in executive session, yet the mayor shared such sensitive information with them.

So while you make mention that IF Mark had told me he had resigned that day, you are quick to suggest that IF he had, it would've been a violation of the sunshine act. This is true, but I then ask you which is it, did he resign on October 4, 2021 or December 31, 2021 [C] (because it's easier with the taxes)? You can't have it both ways. Plus I'm not suggesting that HE leveraged such knowledge to his advantage, but I'm showing you, that she did!!!

COURT:

Which, funny enough, leads us right into why we're in court to begin with, not because of me, no, that's just some more false narrative the borough loves to push. But rather, it's because you two have spared no expense trying to keep these emails under wraps. But now, after getting slapped down not just once, then hiring the best RTK lawyer in the state and hoping two lawyers were better than one, only to be disappointed for a second time by the OOR, who ordered you to crack open those so-called "privileged" emails and spill any non-exempt facts, instead you decided to piss away even more money and went running to the courts. Not one, not two, but three separate appeals filed! Only to have the first two be premature, but that hasn't stopped you from letting those lawyers keep filing more and more paperwork into cases that are DOA. I wonder if this

desperate legal scramble that doesn't seem to be going so well, has anything to do with the Solicitor suddenly bailing on municipal law and you having to interview replacements on Monday? Quite the coincidence, don't you think?

It doesn't help that during the OOR appeal, the borough needed three versions of the affidavit, sworn to under penalty of perjury, regarding these privileged emails. Because someone messed up and mentioned that an email on 12/3[F] was related to Manny's impending seat on council. A full month before anyone supposedly even knew it would be available. Although the first hint should've probably been that Mark never attended another council meeting after October 4th.

Now, I'm sure you're insisting that I'm wrong about everything, but.... I'm not. You keep telling the council, "We have to do this because it's our duty to correct this great injustice," and "Long did it all, I hold no responsibility, he made me spend $150,000." Nope..... No I didn't, and in court, your lawyer didn't even want to say that nonsense because he knew it would make you look bad to the judge, just as claiming such a thing does. But the lawyers like easy money, so they support your claims of this great impending victory. But... It's ... not.... coming. "We will get all our money back." Still... Nada... Nope! You're probably going to have to pay me, actually! But I'm just some idiot living in my mom's basement.

You're so sure you're going to win in court and figure I'll have to defend against a seasoned attorney with real time arguments in court against the guy who wrote the literally book on RTK law, and you would've had a good chance,.. MAYBE!

But I have a feeling that the judge won't take to kindly when he realizes that you tried to claim a conversation between you and Kratz was privileged regarding Marks resignation. One you have no legal reason to hold privilege as you are not involved in the process of choosing a replacement, you don't have a vote and thus no legal standing to require privilege.

I'm sure you and Kratz would argue against this. But it wouldn't matter because even after making multiple amendments to the affidavit already, you failed to even realize that you claimed this for a conversation on October 3, 2021[E] that you clearly wanted to ensure was kept in the dark.

But guess what... Mark didn't know and no one on council knew till about 7:30pm on October 4th. Plus I have more surprises which will be more than enough to trigger the Fraud-Crime exemption and require an in person review of those emails.

180°:

What should be concerning to everyone is the 180° shift in how the council handled public disclosure between 2018 and 2021. In 2018, with the exact same individuals present as per Roll Call, the council operated with far greater transparency, allowing for public knowledge and participation in the process. However, in 2021, this same group chose to withhold critical information from the public until mere moments before announcing Emanuel Mirabito's appointment. This stark inconsistency suggests a deliberate effort to manipulate the outcome while keeping the public in the dark, a move that not only undermines public trust but also violates the principles of open governance.

The conversation in the October 2021[A] email gives the impression that the mayor believes she knows better than the public who should be in office, as evidenced by her clear opposition to the idea of a write-in candidate—a sentiment that further illustrates a disregard for the democratic process.

By withholding information and exerting influence behind the scenes, the mayor and the council members involved subverted the very transparency and accountability that are supposed to guide their actions. Really makes you wonder what changed so much over a few short years.

I wonder if it had anything to do with all the extra cash the borough saved by dropping CRPD and taking the free option. I mean at the end of 2018 Brad grossed $68k[G] and by the end of 2021 it was over $90k[H]. At the end of 2018 the Mayor budget expense was $3,386.36 and at the end of 2021 it over $23k, she had her husband set for a seat on council and flipped the engineering firm contract to her Daughter in Laws Father. Plus when you consider the claims I've been making for last 18 months and reread that email, the mayors words take on a very different context and hit just a little bit different.

..this time, your only fooling yourself!

Notable Statements of 2024 – Borough of Bath.pdf

P.S.

If you're like me and also wondered where the message went that obviously missing from the email chain. Well I'll say that from the context of the conversation is highly likely that what Brad said was related to the his conversation with the Solicitor. One of those 'Privileged' heart to hearts.

By Brad disclosing such in that email he would be waiving his right (if he had any) to privilege. As the email chain itself isn't protected, it seems someone deliberately removed a part. But one, that's illegal and hence a crime and two no one from your upstanding borough would do such a thing. I mean it's not like they have anything to hide, they've ensured you all that I just have a grudge and I'm just a big meanie.
